What happens next?

When your term deposit matures, the funds will be invested according to your instructions. If you'd like to change your instructions, go to macquarie.com/personal or email us at termdeposits@macquarie.com. We'll also send you a reinvestment notice if you choose to reinvest this term deposit for another term.

Check your term deposit options

Unless you give us alternative instructions by the maturity date, your term deposit will automatically roll over for the same term at the applicable interest rate offered on that maturity date. Interest rates are subject to change so the interest rate you receive on your new term deposit may be lower than your current interest rate. Rates may vary for balances above \$1 million and a higher interest rate may be available on a different term. For our latest rates, visit macquarie.com/termdeposits

Making changes after maturity

You can amend your term deposit within five business days of the start of the new term, including adding or withdrawing funds. Any changes made during this time may be subject to an interest adjustment. To change the term or maturity instructions during this five day period, you can either email termdeposits@macquarie.com or call us on **1300 739 980**.

Accessing your funds prior to maturity

Need access to your term deposit funds before the maturity date? For deposits invested for terms greater than 30 days, you'll need to provide us with 31 days' notice (except in limited hardship related circumstances). After this notice period, we'll end your term deposit and it will be subject to an interest adjustment. If you think you may need access to your funds prior to your maturity date, get in touch with us now to find out more about other suitable deposit products.

Tax file number

You don't have to provide us with your tax file number (TFN). If you don't claim an exemption or quote your TFN, tax may be withheld from the interest paid to you at the highest marginal tax rate plus the Medicare levy.
