Over the last few years, it has been increasingly difficult to value the shares held in the company. Due to the difficulties and the immaterial value of the shares, the shares have a MV of \$nil, until we hear information/updates on the share value.

Glenn

SBX is now just an IP company which has licensed its IP to Videosign.

Craig is the sole remaining director of SBX.

Ian has been extremely ill over the last year or so and no longer effectively works for either SBX or Videosign but remains as a director of SBX UK and Videosign

I no longer work for SBX but can provide some information

Your Super Fund does hold 260 shares. That is public information on the NZ Companies Office website
Total issued shares of SBX are 614644.

There have been no shares traded at all and no market value ascribed to the shares via capital raising events over the last 18 months.

It is extremely difficult to value the shares at this time.

Richard

Hello Craig & Richard

Please see below self explanatory email from Rachael who is currently in the process of completing my Super Fund Tax returns.

I saw Rachael today and she mentioned that there had been no reply to her email yet hence my email to you.

I find this whole process of getting any form of responses to a simple request very frustrating, including not hearing from anyone at either Suitebox or Videosign re shareholder updates since 10th Feb this year.

Could you please either respond or pass onto the appropriate area to let us know ASAP.

Many thanks.
