Term Deposit Renewal Advice

Things you should know.

You have six business days starting on the day of Maturity to change your instructions (the 'Variation Period').

During this Variation Period, you can make changes to your deposit including varying the term and changing the investment amount by withdrawing or adding funds (all of which may affect the interest rate), or close the account without penalty.

After the Variation Period, you will need to give Westpac 31 days' notice to access any of the funds in your deposit. If you have less than 31 days remaining of your term, you will be able to access funds in your deposit upon maturity. You may be able to access funds earlier if hardship applies.

If you access funds in your deposit prior to maturity, the interest rate applicable to your deposit may be reduced. We will recalculate interest paid and to be paid at the reduced rate, which will depend on the portion of the term that has been completed. If you think you will need access to funds prior to the maturity date, other products may be more suitable for you.

Interest rates apply for a single term only; subsequent terms may have a lower interest rate as rates change regularly. As a result we won't know the rate applicable for a subsequent term until the renewal date. Westpac may offer other products with a greater interest rate for a comparable term.

For further information, including how we handle or resolve any problem you may have, please refer to the Westpac Term Deposits & Farm Management Deposits Terms and Conditions which apply to your account. Current interest rate information is accessible on our website or by contacting us.

Please check all entries on this statement and promptly inform us of any possible error or unauthorised transaction.
