Unrelated - see below

Hi Liz,

The projects haven't been cancelled, we have sold the developments already to an investor, so I imagine they have counter settled on the land which is when we got our refunds and we will be paid the development profit after construction has been completed.

- Lot 19 Crestmead is under construction and is expected to be completed in April / May.
- Lot 94 – 56 Griffin Crescent is also well under way with walls up, roof on and completion expected in April.
- Lot 32 Yatala is struggling for timing, we had a long delay in obtaining title for the land, so this has only just been received and land settlement should be taking place very shortly and then trying to line up the build with a substantial construction cost added. May likely suffer in achieving our usual margins due to the delays and construction cost increases. This project has also already been sold, so we will likely get settlement on the land from the purchasers in the next 30 days, which will be the refund on our participation into the project, with profits to come later in the year.

Hi Shaw

Thank you for the information.

With the Lot 19 project, I have the following transactions.

15/03/2021	\$10,000	invest
28/04/2021	\$10,000	invest

24/02/2022	\$80,000	invest
13/05/2022	(\$80,000)	repay
06/07/2022	(\$20,000)	repay

Has this project been cancelled?

Regarding the Lot 94 project I can see that the \$171,428.57 was repaid 22/08/2022. Has this project been cancelled?

Kind regards

Liz

Hey Liz,

The developer has just returned back from his O/S trip and has sent out the updated Financial Statements for FY2022.

Please find attached the three projects we have under way still with the group.

Can you please check to see if these are all accurate. I have attached my own spreadsheet. It looks like there could be a typo on the Lot 19 Prosperity Place, Crestmead development as I thought it should be \$20,000 deposited in 21 and \$80,000 (not \$20,000) in 22. Garry is sending all three to his accountants first to check over, so I will send an updated one if any of these change.

Regards,

---

NOTES TO THE FINANCIAL STATEMENTS  
FOR YEAR ENDED 30 JUNE 2022

**1 Statement of Significant Accounting Policies**

The directors have prepared the financial statements on the basis that the company is a non reporting entity because there are no users dependent on general purpose financial reports. This financial report is therefore a special purpose financial report that has been prepared in order to meet the needs of members

The financial report has been prepared in accordance with the significant accounting policies disclosed below which the directors have determined are appropriate to meet the needs of members. Such accounting policies are consistent with the previous period unless state otherwise.

The financial statements have been prepared on an accruals basis and are based on historical costs unless otherwise state in the notes. The accounting policies that have been adopted in the preparation of this report are as follows:

**Income Tax**

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expenses (income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid (recovered from) the relevant tax authority.

Deferred income tax expense reflects movements in deferred tax assets and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense (income) is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of any asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilise.

LOT 94 GRIFFIN PTY LTD  
ABN 46 653 288 996

NOTES TO THE FINANCIAL STATEMENTS  
FOR YEAR ENDED 30 JUNE 2022

**Inventories**

Inventories are measured at the lower of cost and net realisable value. Costs are assigned on a first-in first-out basis and include direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenses.

**Intangibles**

**Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the balance sheet.

**Revenue and Other Income**

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. Any consideration deferred is treated as the provision of finance and is discounted at a rate of interest that is generally accepted in the market for similar arrangements. The difference between the amount initially recognised and the amount ultimately received is interest revenue.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument.

**Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances, the GST is recognised as part of the acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.
