Dear Amanda & Hylton

**Audit finalisation report**  
**Henry Superannuation Fund**

We have completed our audit of your superannuation fund for the year ended 30 June 2022. Subject to the financial statements being approved by the trustee, we will issue an unqualified audit opinion.

**Matters for the Trustee's attention**

As indicated in our engagement letter, as part of the audit process we report to you any findings arising from our audit including any identified contraventions of the *Superannuation Industry (Supervision) Act 1993* (SIS Act) or Regulations, together with any potential weaknesses in administrative procedures or systems of the fund.

In the course of the audit we have not encountered any matters that we are required to bring to your attention.

It should be noted that our audit tests did not cover every provision of the SIS Act or regulations, nor would they necessarily detect all instances of non-compliance. This does not mean that there are no further matters that you should be aware of in meeting your responsibilities as trustees, nor does this report absolve you from taking appropriate action to meet these responsibilities. We are also obliged to advise you of any significant misstatements identified during the audit and which were corrected prior to the financial report being finalised. We advise that there were no significant misstatements identified.

**Trustee actions required**

The financial statements should be returned to us after you have approved and signed them. On receipt of these statements, we will sign our audit opinion and provide you with a copy of the signed report.

This report is provided solely for the information and use of the trustee and should not be used for any other purpose.

**Administrative recommendations**

In the course of our audit we noted no administrative matters requiring your attention.

If we can assist you with any questions about the information contained in our audit finalisation report, please contact me.

Yours sincerely,

Lawrence A Crane, CA, CA SMSF

Dear Amanda & Hylton,

## Audit of the Henry Superannuation Fund

Thank you for your request to complete the compliance and financial audit of the Henry Superannuation Fund for the 2021-22 financial year. We are pleased to confirm our willingness to accept this appointment and this letter provides you with our understanding of the terms of the engagement, our responsibilities, and the process we will undertake to complete the audit.

Once you have had an opportunity to review our engagement terms, and assuming our terms are consistent with your expectations, **please have the relevant signatories sign the attached copy of the letter and return it to us (by email or by mail).**

Once received, the engagement acknowledgement will be held on your client file. If you have any queries or concerns, please contact us and we will be pleased to discuss these with you.

We will begin work once we have received this confirmation from you.

### Scope of services

#### *Compliance Engagement*

This engagement will be performed in accordance with the applicable standards on assurance engagements, the objective of which will be to express an audit conclusion on the compliance by the trustees with the following specified requirements of the SIS Act and SISR:

- Sections: 17A, 35AE, 35B, 35C(2), 62, 65, 66, 67, 67A, 67B, 82-85, 103, 104, 104A, 105, 109, 126K
- Regulations: 1.06(9A), 4.09, 4.09A, 5.03, 5.08, 6.17, 7.04, 8.02B, 13.12, 13.13, 13.14, 13.18AA

Our audit tests will not be performed continuously throughout the period. We will not cover every provision of the SIS Act or SIS regulations, nor will they detect all instances of non-compliance.

An addition, we will identify and apply COVID-19 relief where applicable for eligible contraventions in the 2020-21 financial year. Contraventions eligible for relief will be identified in the Audit Finalisation Report to the Trustees but are not required to be reported to the regulator.

#### *Financial audit*

The financial audit will be conducted in accordance with Australian Auditing standards. Our procedures will include examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial reports, evaluation of accounting policies, appropriateness of the financial reporting framework and significant accounting estimates. These procedures will enable us to form an opinion as to whether, in all material respects:

- The financial reports:
  - Are presented fairly in accordance with the accounting policies described in the notes to the financial statements; and
  - Fairly represent the financial position of the fund at balance date and its operating results for the year then ended.

The work undertaken by us to form an opinion is based on our judgment regarding the nature, timing and extent of audit procedures for gathering audit evidence and the drawing of conclusions based on that evidence. It is important to note that most audit evidence is persuasive rather than conclusive and that there

are inherent limitations in any audit. As a result, our audit can only provide reasonable, not absolute, assurance that the financial statements are free of material misstatement. Due to the test nature and other inherent limitations of an audit, together with the inherent limitations of any accounting and internal control system, there is an unavoidable risk that even some material misstatements may remain uncovered.

### **Report on matters identified**

Under section 129 of the SISA, we are required to report to you in writing if we become aware of any contravention of the SIS Act or SIS Regulations that has or is occurring. We are also required to identify and report certain contraventions (reportable contraventions) to the ATO irrespective of whether these contraventions have been corrected by the trustees. In addition, we are also required to report to the ATO if the financial position of the fund is or becomes unsatisfactory. The following documentation is provided as part of the audit process:

- **Audit Finalisation Report** - We will provide the trustees with an audit finalisation report identifying:
  - Any contraventions of the SIS Act and the SIS Regulations identified, and
  - The findings of the audit, any action required to be taken by the trustees, and any recommendations for the trustees to improve the administrative procedures or systems of the fund.
- **Auditor Contravention Report** – A report lodged with the ATO identifying reportable breaches of the SIS Act or SIS Regulations that have occurred or may be occurring. The ATO provides a series of reporting criteria that must be applied in making this determination. A contravention report must be completed and lodged with the ATO for reportable breaches. For funds that are less than 15 months old at balance date, every contravention above \$2,000 must be reported. We will advise you of reportable breaches that we identify.

### **Trustee's obligations**

Responsibility for the preparation of financial reports including adequate disclosure is that of the Trustees of the fund. This includes the maintenance of adequate accounting records and internal controls, the selection and application of accounting policies the safeguarding of the assets of the fund and compliance, at all times, with the requirements of the superannuation legislation. These duties are imposed upon the Trustees by the trust deed and the SIS Act. The Trustees are required to keep minutes of meetings, reports and records of changes of Trustees for ten years.

As part of our audit process, we will request the Trustees to provide us with written confirmation regarding any representations made to us in connection with the audit.

Any requests for documentation required for the audit of your fund must be provided within 14 days of the request being made under section 35C(2) of the SIS Act.

We look forward to your full co-operation and trust that you will make any records, documentation and other information required in connection to our audit available to us.

### **Records & working papers**

In the course of our engagement we will prepare various working papers and notes consistent with our internal quality control system. These working papers remain the property of our firm and will be retained by us to support any future queries on work completed. Original source records provided by you to us to assist in the completion of your work will be returned to you at the completion of each engagement. Where appropriate, we may take copies to retain on the relevant entities file.

### **Compliance with professional standards**

Where we suspect there may be any non-compliance with laws or regulations, we are required under APES 110 issued by the Accounting Professional & Ethical Standards Board to consider this matter. This may involve making further enquiries, considering the position and taking actions considered to be appropriate, with the objective being to rectify, remediate or mitigate the consequences of the non-compliance. This extends to a public interest duty as defined by APES 110.

## **PART A: FINANCIAL AUDIT**

### **Opinion**

I have audited the special purpose financial report of the **Henry Superannuation Fund** comprising the statement of financial position as at 30 June, 2022, and the operating statement for the year then ended, a summary of significant accounting policies and other explanatory notes.

In my opinion, the financial report presents fairly in all material respects, in accordance with the accounting policies described in the notes to the financial report, the financial position of the fund at 30 June, 2022 and the results of its operations for the year then ended.

### **Basis for Opinion**

My audit has been conducted in accordance with Australian Auditing Standards (issued by the Auditing and Assurance Standards Board). My responsibilities under those standards are further described in the *Approved SMSF Auditor's Responsibilities for the Audit of the Financial Report* section of this report. I am independent of the SMSF in accordance with the auditor independence requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to this audit and as required by the *Superannuation Industry (Supervision) Regulations 1994* (SISR). I have also fulfilled my other ethical responsibilities in accordance with the Code. In particular, neither myself, my firm or my network firm assumed a management responsibility for the fund. My firm or network firm [select the appropriate option] (did not prepare the financial statements for the fund / did prepare the financial statements for the SMSF but it was only a routine or mechanical service and appropriate safeguards were applied). Where my firm or network firm provided any other non-assurance services to the fund, we are satisfied that those services were not prohibited under the Code and any independence threats arising have been eliminated or reduced to an acceptable level by the application of safeguards.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### **Emphasis of Matter – Basis of accounting**

I draw attention to note 1 of the financial report, which describes the basis of accounting. The financial report has been prepared to assist the **Henry Superannuation Fund** meet the requirements of the SMSF's governing rules, the *Superannuation Industry (Supervision) Act 1993* (SISA) and the SISR. As a result, the financial report may not be suitable for other purposes, and should not be distributed to parties other than the trustees. My opinion is not modified in respect of this matter.

### **Responsibilities of SMSF trustees for the financial report**

Each SMSF trustee (individual trustee or director of the corporate trustee) is responsible for the preparation and fair presentation of the financial report in accordance with the financial reporting requirements of the SMSF's governing rules, the SISA and the SISR. Each trustee is also responsible for such internal controls as they determine are necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

SELF-MANAGED SUPERANNUATION FUND  
INDEPENDENT AUDITOR'S REPORT (CONT'D)

Henry Superannuation Fund

In preparing the financial report, the trustees are responsible for assessing the fund's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the trustees intend to wind-up the fund, or have no realistic alternative but to do so.

Each SMSF trustee is responsible for overseeing the fund's financial reporting process.

**Approved SMSF auditor's responsibility for the audit of the financial report**

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of trustees taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of an internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustees.
- Conclude on the appropriateness of trustees' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial report or if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause the fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I have communicated with the trustees regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I may identify during the audit.

**PART B: COMPLIANCE ENGAGEMENT**

**Opinion**

I have undertaken a reasonable assurance engagement on Henry Superannuation Fund's compliance, in all material respects, with the applicable provisions of the SISA and the SISR as listed below ("the listed provisions") for the year ended 30 June 2022.

Sections: 17A, 35AE, 35B, 35C(2), 62, 65, 66, 67, 67A, 67B, 82-85, 103, 104, 104A, 105, 109, 126K

Regulations: 1.06(9A), 4.09, 4.09A, 5.03, 5.08, 6.17, 7.04, 8.02B, 13.12, 13.13, 13.14, 13.18AA

In my opinion, each trustee of Henry Superannuation Fund has complied in all material respects, with the listed provisions, for the year ended 30 June 2022.

**Basis for Opinion**

I have conducted my engagement in accordance with Standard on Assurance Engagements ASAE 3100 *Compliance Engagements* issued by the Auditing and Assurance Standards Board.

I believe that the evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

**Independence and quality control**

I have complied with the independence and other ethical requirements relating to assurance engagements, and applied Auditing Standards ASQC 1 *Quality Control for Firms that Perform Audits and Reviews of Financial Reports and Other Financial Information, and Other Assurance Engagements* / ASQM 1 *Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagement*<sup>1</sup> in undertaking this assurance engagement. In particular, neither myself, my firm or my network firm assumed a management responsibility for the fund. Where my firm or network firm provided any other non-assurance services to the fund, we are satisfied that those services were not prohibited under the Code and any independence threats arising have been eliminated or reduced to an acceptable level by the application of safeguards.

**SMSF trustees' responsibilities**

Each SMSF trustee is responsible for complying with the listed provisions and for the identification of risks that threaten compliance with the listed provisions, controls which will mitigate those risks and monitoring ongoing compliance.

**Approved SMSF auditor's responsibilities**

My responsibility is to express an opinion on the trustees' compliance, in all material respects, with the listed provisions, for the year ended 30 June, 2022. ASAE 3100 *Compliance Engagements* requires that I plan and perform my procedures to obtain reasonable assurance about whether the trustee have complied, in all material respects, with the listed provisions for the year ended 30 June 2022.

An assurance engagement to report on the trustees' compliance with the listed provisions involves performing procedures to obtain evidence about the compliance activity and controls implemented to meet the compliance requirements. The procedures selected depend on my judgement, including the identification and assessment of risks of material non-compliance.

My procedures included examination, on a test basis, of evidence supporting compliance with those requirements of the listed provisions for the year ended 30 June 2022.

These tests have not been performed continuously throughout the period, were not designed to detect all instances of non-compliance, and have not covered any other provisions of the SISA and the SISR apart from those specified.

**Inherent limitations**

Due to the inherent limitations of an assurance engagement, together with the internal control structure it is possible that fraud, error, or non-compliance with the listed provisions may occur and not be detected.

**AS TRUSTEES OF THE HENRY SUPERANNUATION FUND**

RESOLUTION OF THE TRUSTEES MADE ON 9 DECEMBER 22  
AT 10 AM.

We, the undersigned being the Trustees of **The Henry Superannuation Fund** DO HEREBY RESOLVE as follows:

**INVESTMENT STRATEGY OF THE HENRY SUPERANNUATION FUND**

**BUSINESS:**

It was noted that under the Superannuation Industry (Supervision) Act, the Superannuation Industry (Supervision) Regulations and under the provisions in the deed of the Fund that it is a requirement for the trustee to have an investment strategy for the fund having regard to a number of circumstances.

Regulation 4.09 of the *Superannuation Industry (Supervision) Regulations 1994* states:

The trustee of the entity must formulate, review regularly and give effect to an investment strategy that has regard to the whole of the circumstances of the entity including, but not limited to, the following:

- (a) The risk involved in making, holding and realising, and the likely return from, the entity's investments, having regard to its objectives and expected cash flow requirements;
- (b) The composition of the entity's investments as a whole, including the extent to which they are diverse or involve exposure of the entity to risks from inadequate diversification;
- (c) The liquidity of the entity's investments, having regard to its expected cash flow requirements;
- (d) The ability of the entity to discharge its existing and prospective liabilities;
- (e) Whether the trustees of the fund should hold a contract of insurance that provides insurance cover for one or more members of the fund.

The Trustees need to consider:

- The risk involved in making, holding and realising, and the likely return from, the Fund's investments having regard to its objectives and its expected cash flow requirements;
- The composition of the Fund's investments as a whole including the extent to which the investments are diverse or involve the Fund in being exposed to risk from inadequate diversification;

X

X

- The liquidity of the Fund's investments having regard to its expected cash flow requirements;
- The ability of the Fund to discharge its existing and prospective liabilities;
- The Fund profile;
- Anticipated future contributions;
- Past investment performance; and
- The current investment portfolio and asset mix, which objectives and strategy are set out in the Investment Policy Statement annexed to this resolution

A new strategy was produced. Under the investment strategy the investment objectives are set out and then a strategy is adopted. The essence of this strategy is to seek a long term diversified portfolio mix of a number of asset classes. The Trustee noted that the objective included a minimum rate of return of at least 2% over any increase in the Consumer Price Index over any five year period.

It was noted that regard need to be made to an appropriate level of diversification in the investment in the fund. The investment strategy noted that a single asset strategy may be adopted for the fund provided the investment meets the criteria of the fund and the trustee try to ensure diversification in the portfolio at a later date as contributions are made to the Fund and income is derived.

Under the investment strategy, prior to any investment in fine art, collectible items, antiques and paintings a valuation should be undertaken by an appropriately qualified person.

Further under the investment strategy, the trustees must consider investments suggested by members provided that they satisfy the investment objectives of the Fund and are made on an arm's length basis.

After considering the provisions of the tabled investment strategy it was resolved that the investment strategy should be adopted for the Fund, as set out on the attached investment strategy.

**INVESTMENT OBJECTIVES AND INVESTMENT STRATEGY  
FOR THE HENRY SUPERANNUATION FUND**

**INVESTMENT POLICY STATEMENT**

The Henry Superannuation Fund (“the Fund”) is a regulated Superannuation Fund established on 21<sup>st</sup> July, 2004 to provide benefits for Members as well as death/disablement protection for Members. Membership of the Fund is voluntary, and upon joining, Members are required to provide certain minimum information to the Trustee.

The current intention is to pay benefits upon retirement of the Members. The Trustee shall invest Fund assets having regard to the need to realise the investments at the Members dates of retirement (or such later date as the Members nominate in accordance with the rules of the Trust Deed).

The Fund’s members are aged 52 and 55 at the time of this Statement, it is not intended that other members will be admitted to the Fund. The current intention is to pay lump sum/ allocated pension benefits upon retirement of the members. The Trustee shall invest Fund assets having regard to the needs of the members.

**INVESTMENT OBJECTIVES**

The aim of the investment strategy of The Henry Superannuation Fund (“the Fund”) is to accumulate funds for the payment of superannuation benefits as set out in the trust deed governing the Funds operations.

The Trustee has considered the following investment objectives in formulating the investment strategy for the Fund:

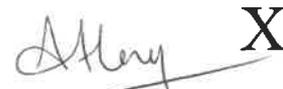

The Trustee will:

- At all times act prudently to pursue the maximum rate of return as possible subject to acceptable risk parameters, and the maintenance of whatever diversification that can be achieved with modest assets
- Ensure that all investments are authorised under the trust deed and are made for the sole purpose of providing benefits to Members
- Establish within the Fund a tolerance to short term fluctuations in income and capital values given the profile of the ages of the Members
- Invest to ensure sufficient liquidity is retained within the Fund to meet benefit payments due, and will adjust its specific objectives where it believes the risk profile of the Fund has changed. The liquidity of the Fund must also be considered in light of the cash flow requirements of the Fund
- Have proper regard to the risks associated with the investments given the Fund’s objectives and cash flow requirements
- Have proper regard to the composition of the Fund’s investment portfolio, including diversification of the Investments
- Have proper regard to the ability of the Fund to meet its current and prospective liabilities
- Make investments in conjunction with Members of The Fund, provided they are undertaken on an arms length basis
- Consider suggestions from Members for specific investments in relation to the Member, and may make investments in accordance with those suggestions provided that they fall within the investment strategy of the Fund

Having considered the liability profile of the Fund, the Trustee has adopted the following objectives for the assets of the Fund:

- a) To achieve an investment return (net of tax and charges) that exceeds CPI by at least 2% per annum when measured over a rolling 5 year period;
- b) To have a low expectation of negative returns in any 12 month period

The investment objectives of the Fund will be reviewed annually and at such other times as a significant event occurs which affects the Fund

## INVESTMENT STRATEGY

In order to achieve the investment objectives of the Fund, the Trustee wishes to adopt and pursue the strategy set out hereunder. The Trustee reserves the right to implement more than one strategy as it sees fit, and to offer separate strategies to Members. The Trustee also reserves the right to implement separate and different action plans in the acquisition and disposal of assets pursuant to this strategy.

### Diversification:

The Trustee wishes to implement as much diversification as it is able given the assets of the Fund and elects to diversify amongst a number of investments. In considering the degree of diversification appropriate to the Fund, the Trustee has determined to take into account:

- The existing assets of the fund;
- The existing assets of the family of the Members of the fund;
- The existing assets of the Members of the fund in complying superannuation funds; and
- The Funds access to expert investment advice

With regard to the investment objectives the Trustee has adopted an investment strategy of seeking in the long term a diversified portfolio mix of the following asset classes:

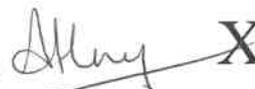

- Real property including both direct and indirect investment by the acquisition of units in a property holding unit trust
- Shares, options, and other rights to shares including both direct investment and indirect investment through equity trusts or other pooled investment vehicles
- Cash including fixed interest term deposits, bonds, cash management trusts and appropriate derivative products
- Other assets including fine art, collectable items, antiques and paintings. If these are invested in the Trustee will obtain a valuation from an appropriate qualified valuer prior to the investment being made

Each asset class should be considered on its own merits at the particular time the investment is proposed having regard to always maintaining an appropriate degree of diversification.

A single asset strategy may be adopted for the Fund if the asset which is proposed meets the investment criteria of the Fund. If a single asset strategy is adopted then the Trustee will look to diversify the Fund at a later date when further contributions are made to the Fund and income is derived by the Fund. If a single asset strategy is adopted then the Trustee needs to ensure there is a method of liquidity maintained in the Fund to ensure benefits can be paid to members in accordance with the terms of the Trust Deed.

All investments will be made on an arm's length basis and will be acquired, maintained or disposed of on commercial terms at market rates of return.

The Trustee considers that this investment strategy fulfils the principal strategy of the fund which is to maximise returns to members having regard to risk and the investment objective of the Fund.

## Monitoring

To monitor the success of the investments policy in achieving the investment objectives, the Trustee will take the following action:

- a) Compare investment returns against investment objectives on an annual basis;
- b) Compare investment returns against cash rates available over a 12 month period and review this strategy on an annual basis or on such other basis as it believes appropriate

The Trustee will measure its success criteria against certain benchmarks and indices. The nominated benchmarks for performance will be as follows:

- a) Australian shares – all ordinaries
- b) Liquid assets – average cash management trusts
- c) Australian fixed trusts – commonwealth all series all maturities and accumulation index
- d) Property trusts – average of composite property accumulation index

## **ASSET MANAGEMENT STRATEGY**

The Trustee will have regard to the following principles in the implementation of its investments strategy and the actual making of its investments:

### Unit Trusts

Prior to acquiring or disposing of any units in an unlisted unit trust the Trustee will obtain and consider property and rental valuations of all property held by the unit trust. The Trustee will do so to satisfy itself that the price of the units reflect true market values and constitutes a prudent investment/disposal on an arm's length basis.

The Trustee will also ascertain the intentions of the trustee of the unit trust in relation to borrowing's (if any) and the use of the property as security.

### Direct Property

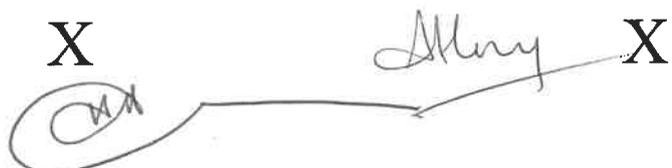

Prior to acquiring or disposing of any property to be held directly by the Fund the Trustee will obtain and consider property and rental valuations to satisfy itself that the price of the property reflects true market value and constitutes a prudent investment/disposal in an arm's length basis.

In obtaining a tenant (if any) for any property held by the Fund the Trustee may enter into a lease with an employer sponsor or an associate provided that a written lease agreement is made and the transaction is entered into on an arm's length basis with regular rental reviews.

In determining the proportion of Fund assets to be invested directly in property, the Trustee shall take into account the liability profile and liquidity requirements of the Fund.

### Shares in Private Companies

The Trustee will also ascertain the intentions of the Directors of the company in relation to borrowing's (if any) and the use of the property as security taking into account the security and dividend return from the shares.

X  X

### Shares in Public Company

Prior to acquiring (or disposing) of any shares in public companies, the Trustee shall consider the portfolio profile of the Fund and the diversification of shareholding across different market sectors (industrial, retail, banking, etc.) with a view to attempting to obtain a reasonable diversification with modest assets.

The Trustee shall also take into account advice in relation to expected capital growth and dividend income.

### Debentures/First Mortgages

Prior to investing in any debentures/first mortgages the Trustee shall consider the period of investment, the security offered, the accessibility of funds, the return, and likely rate movements.

### Cash Management

Prior to investing or realising any cash management funds the Trustee shall consider the rate of return and security of such investment against the expected rate of return offered by alternative investments to cash.

### Artwork/Antiques/Collectibles

Prior to acquiring any collectibles as an investment of the Fund the Trustee will obtain an independent professional valuation from a qualified valuer and will ensure the asset represents a minor part of Fund assets. It will investigate future saleability of the asset and the likely price movements in future.

Prior to leasing any collectibles held by the Fund to any party the Trustee shall determine the commercial rental rate having regard to advice which the Trustee shall obtain from a qualified source. Any such lease shall only be entered into under a written lease agreement made on an arm's length basis with an obligation for full maintenance insurance.

Prior to disposing of any collectibles held by the Fund, the Trustee will obtain an independent professional valuation from a qualified valuer. The Trustee shall also determine whether the proposed timing of the disposal is in the best interest of Members having regard to the fluctuations in the value of the type of collectible of which the Trustee wishes to dispose.

### Members Suggestions

The Trustee may consider and accept suggestions from any Member regarding the investment of Fund assets for the Member, and make investments in accordance with these suggestions.

The Trustee shall only adopt investment suggestions from a Member if the resulting investment meets the Fund investment objectives as reflected through the investment strategy and the Trustee determines that the investment is prudent.

**Henry Superannuation Fund**  
**Notes to the Financial Statements**  
**As at 30 June 2022**

---

**Note 1 - Statement of Significant Accounting Policies**

The following significant accounting policies have been adopted in the preparation and presentation of the financial statements. They have been consistently applied in the current and previous periods unless otherwise stated to ensure the financial information satisfies the concept of relevance and reliability.

**(a) Statement of Compliance**

The trustees have prepared the financial statements on the basis that the superannuation fund is a non-reporting entity because the members are able to command the preparation of tailored reports so as to satisfy specifically all of their information needs and there are no other users dependent on the financial statements. The financial statements are therefore special purpose financial statements that have been prepared in accordance with the legislative requirements of the *Superannuation Industry (Supervision) Act 1993* and *Regulations 1994* and the provisions of the Trust Deed. The trustees have determined that the accounting policies adopted are appropriate to meet their needs.

**(b) Basis of Preparation**

The financial statements have been prepared on a cash basis using historical costs convention unless stated otherwise. For investments and financial liabilities, they are measured at market values.

The financial statements are presented in Australian dollars, which is the functional currency of the fund.

**(c) Use of Accounting Estimates and Judgments**

The preparation of financial statements requires the trustees to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgments. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

**(d) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks or financial institutions and short-term, highly liquid investments that are readily convertible to cash and are subject to an insignificant risk of change in value.

**(e) Foreign Currency**

Any foreign currency transactions during the financial year are brought to account using the exchange rate in effect at the date of the transaction. Foreign currency monetary items at reporting date are translated at the exchange rate existing at reporting date. Exchange differences are recognised in the operating statement in the period in which they arise.

**(f) Valuation of Assets**

*Investment*

An investment is initially recognised when as a result of past transactions or events, the Fund controls the future economic benefits expected to flow from the asset.

The investment assets are firstly recorded at cost, being the fair value of the consideration given. After initial recognition, they are measured at market value. Gains or losses arising from changes in market value are recognised on the Operating Statement in the periods in which they occur.

Market value as defined in s10 of *SISA 1993*, in relation to an asset, means the amount that a willing buyer of the asset could reasonably be expected to pay to acquire the asset from a willing seller if the following assumptions were made:

- i. that the buyer and the seller dealt with each other at arm's length in relation to the sale;
- ii. that the sale occurred after proper marketing of the asset;
- iii. that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

As disposal costs are generally immaterial unless otherwise stated, market value approximates fair value.

---

## Henry Superannuation Fund Notes to the Financial Statements As at 30 June 2022

---

Market values for various types of investment have been determined as follows:

- i. listed securities, government and other fixed interest securities for which there is a readily available market quotation, the valuation is recorded as the last quoted sale price as at the close of business on reporting date. If the listed securities are foreign, they are also converted to Australian dollars using the exchange rate at the close of business on the reporting date;
- ii. unit trusts and managed funds are stated by reference to the unit redemption price quoted by the fund manager at the end of the reporting period;
- iii. unlisted investments are stated at the Trustees' valuation based on estimated market value at balance date; or where necessary, upon external valuers' expert opinions;
- iv. Investment properties are carried at market value and are held for the purpose of generating long-term rental yields and capital appreciation. The Trustees give consideration to the value of the investment property each financial year and revalue when a significant event occurs or when deemed appropriate. Where an external valuation has been obtained, the valuation is based on objective and supportable data and has been carried out by a property valuation service provider or qualified independent valuer as appropriate.

### *Financial Liabilities*

The Fund initially recognises a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Financial liabilities including credit balances of hedging instruments and derivatives are measured at market values as at the reporting date. Any change in market values of the financial liabilities since the beginning of the reporting period shall be included in the profit or loss for the reporting period. As disposal costs are generally immaterial, unless otherwise stated, market value approximates fair value.

### *Receivables and Payables*

Current assets such as accounts receivable, which are expected to be recovered within twelve months after the reporting period, are carried at nominal amounts which approximate the fair values.

Accounts payable are recognised when the Fund becomes obliged to make future payments resulting from the goods and services received, whether or not billed to the Fund and are carried at nominal amounts which are equivalent to fair values.

## **(g) Revenue Recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Revenue is measured at the fair value of consideration received or receivable. The following recognition criteria relate to the specific items of revenue the Fund receives:

### *Interest*

The interest revenue is recognised by the Fund on a cash receipt basis, unless the Fund chooses the accrual method and the amount can be reliably measured by reference to the principal outstanding and using the effective interest rate of the instrument calculated at the acquisition or origination date.

### *Dividend Revenue*

The entitlement to a dividend is based on the date the shares are quoted ex-dividend; the actual dividend revenue is recognised by the Fund when it is received.

### *Distribution Revenue*

Distributions from unit trusts and managed funds are recognised as at the date the unit value is quoted ex-distributions and if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable at market value.

### *Rental Income*

Rent from investment properties is recognised by the Fund on a cash receipt basis.

### *Movement in market values*

Changes in the market value of investments are determined as the difference between the market value at balance date or consideration received (if sold during the year) and the market value as at the prior year end or cost (if the investment was acquired during the period). All movements are recognised in the Operating Statement.

**Henry Superannuation Fund**  
**Notes to the Financial Statements**  
**As at 30 June 2022**

*Contributions and Rollovers In*

Contributions and rollovers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

The financial report was authorised for issue on 12 November 2022 by the trustee of the fund.

**Note 2 – Liability for Accrued Benefits**

The liability for accrued benefits represents the fund's present obligation to pay benefits to members and beneficiaries and has been calculated as the difference between the carrying amount of the assets and the carrying amount of the other payables and income tax liabilities as at the end of the reporting period. Changes in the Liability for Accrued Benefits are as follows:

	<b>Current</b>	<b>Previous</b>
<b>Liability for Accrued Benefits at beginning of period</b>	2,459,221	1,964,266
Benefits Accrued during the period	(246,639)	494,955
Benefits Paid during the period	0	0
<b>Liability for Accrued Benefits at end of period</b>	<b>2,212,582</b>	<b>2,459,221</b>

Any amount in the Unallocated Contributions account represent amounts that have been received by the fund from either the members of the fund or a third party but have not been allocated to any specific member as at the reporting date. It is the intention of the trustee to allocate any such amounts recorded as unallocated contributions within 28 days following the end of the month to specific fund member, which will increase the liability for members accrued benefits.

**Note 3 – Vested Benefits**

Vested benefits are benefits which are not conditional upon continued membership of the fund (or any factor other than resignation from the plan) and include benefits which members were entitled to receive had they terminated their fund membership as at the reporting period.

	<b>Current</b>	<b>Previous</b>
<b>Vested Benefits at beginning of period</b>	2,459,221	1,964,266
Benefits Accrued during the period	(246,639)	494,955
Benefits Paid during the period	0	0
<b>Vested Benefits at end of period</b>	<b>2,212,582</b>	<b>2,459,221</b>

**Note 4 – Guaranteed Benefits**

No guarantees have been made in respect of any part of the liability for accrued benefits.

**Note 5 – Funding Arrangements**

No fixed funding arrangements were in place for the Fund as at year end.

The accounting cost is the original cost base adjusted by any subsequent capital call/improvement or capital return transactions. In many cases, it is not the same as the adjusted or reduced cost base, or the reset cost base resulting from the CGT relief. To view the tax cost base and unrealised gain/(loss) for tax purposes refer to the Unrealised Capital Gains Report or change the report parameter to tax cost base.
