| Amount for:- | Minimum | Maximum |
|--------------|----------|-----------|
| This Year | \$51,990 | \$173,285 |

Tax-Free Component* 21.84%
Taxable Component 78.16%

The minimum amount has been calculated taking into account the Government's minimum drawdown relief for account based pensions which has been extended into the 2011/12 financial year.

* From 1 July 2007 all superannuation benefits paid to individuals aged 60 years or over will be tax-free, however, the component details will need to be maintained for roll-over or death benefit purposes.

NB. Amounts for future years depends upon the member's account balance at the start of each year and cannot, therefore, be calculated now.
