

## Total superannuation balance

Your total superannuation balance is used to determine your eligibility to make contributions, receive co-contributions, and your spouse's eligibility to claim a tax offset for spouse contributions. For self-managed, or small APRA funds, the trustee will also use all members' total superannuation balances to determine whether the segregated assets method can be used to calculate exempt pension income.

**Date generated** 04/09/2019  
**Total superannuation balance as at 30/06/2018** \$1,471,919.29
