# Investor Account Information

## Interest

### Select Investment Account

Interest payable in respect to the Select Investment Account is generally due to be paid by the borrower monthly (but may vary as detailed in the relevant Supplementary Product Disclosure Statement), commencing one month after the settlement date of each selected investment. Once the borrower has made the payment required under the loan, the payment has to be cleared and this may take up to five (5) business days. Interest distributions are paid to your nominated account.

### Classic Notice Account, 90 Day Notice Account, 12 Month Term Account, and High Yield Credit Account

Interest on your funds invested in these Accounts is calculated on the daily balance held by you and is paid monthly within fourteen (14) days after the end of each month to your nominated account.

## What happens if the borrower is late making payments?

Borrowers are required to make payment on time and are encouraged to do so. If they do not meet this requirement, they may be required to pay interest at a higher rate.

### Select Investment Account

We will write to you in relation to each investment if arrears occur. As a consequence of the loss of cash flow associated with that investment, one half of one month's interest from the borrower by way of the higher rate of interest for late payment may be paid to you, with the balance to be retained by the Investment Manager (La Trobe Financial Services Pty Limited) on the same basis.

### Classic Notice Account, 12 Month Term Account, 90 Day Notice Account and High Yield Credit Account

Repayment arrears on any one loan will have an effect on, but will not cause the cessation of, your monthly interest payment. You will therefore still receive your monthly interest fourteen (14) days after the end of the month. Rates of return are determined after accounting for such events.
