Notes to the 2021 Tax Statement

1. For Australian residents, withholding tax may have been deducted from your distributions at the highest marginal tax rate (including Medicare levy) because you have not provided a tax file number (TFN) (or, where relevant, an Australian Business Number (ABN)) or claimed an exemption.
2. For non-residents, 10% interest withholding tax may have been deducted from that portion of the distribution that is Australian interest income.
3. For non-residents, managed investment trust (MIT) non-resident withholding tax may have been deducted from that portion of the distribution that is a 'Fund Payment' pursuant to Subdivisions 12-H and 12A-B of the Taxation Administration Act 1953 which relates to the income year of Blackwall Property Trust ended 30 June 2021. MIT non-resident withholding tax is deducted at either 15% or 30%, depending on the country recorded as your address.
4. The net capital gain is calculated using the 50% discount method (where available) and assumes you have no capital losses.
5. The AMIT cost base net amount - decrease is the excess AMIT cost base net amount for the year ended 30 June 2021. This amount reduces your cost base in your Blackwall Property Trust units. If a cost base net decrease amount exceeds your cost base in a unit, you make a capital gain equal to that excess. You should consult your tax adviser to determine if this applies to you.
