Certificate No. 262918.1

The Trustees
Edgeloe Hayes Superannuation Fund

Dear Trustees,

SECTION 295-390 ACTUARIAL CERTIFICATE

This Actuarial Certificate is prepared for Edgeloe Hayes Superannuation Fund for the financial year ending 30 June 2019. It complies with The Institute of Actuaries of Australia Professional Standard 406.

Information I have relied upon

This Actuarial Certificate relies upon information provided to us by D Baker and Associates Pty Ltd on behalf of the Trustees of Edgeloe Hayes Superannuation Fund. The key information I have relied upon is shown in Appendix 1.

You have stated that:

- Any assets segregated by election (using separate asset pools) have been removed from the data entered.
- The Fund has met the Minimum Pension Standards. That is, the required minimum amount has been withdrawn from the pension during the financial year.
- The types of pensions in the Fund include Allocated Pensions, Market-linked pensions, Term allocated pensions and Account based pensions. They do not include Defined Benefits pensions.
- The pensions valued meet the requirements to be considered Retirement Superannuation Income Streams under the Income Tax Assessment Act 1997.

My calculations have been based on draft financial statements. If any information provided, as shown in Appendix 1, changes materially then you should revise that information and obtain an updated Actuarial Certificate. If you don't have login details then you can contact Lime Actuarial to obtain your login details. There is no charge for updating your Actuarial Certificate.

Exempt proportion

The fund had unsegregated assets during these periods:

- 29 March 2019 to 30 June 2019

For the remainder of the year (if applicable), all assets were segregated. During the period where there were unsegregated assets, the exempt proportion of assessable income is calculated as follows:

| | Start of year | End of year | Average |
|---|---------------|-------------|-----------|
| Unsegregated Retirement Income Stream Liabilities | \$0 | \$315,557* | \$376,025 |
| Unsegregated Superannuation liabilities | \$0 | \$365,822* | \$435,921 |
| Exempt Proportion | | | 86.26% |

*Estimate

The estimated net assets at 30 June 2019 were \$365,822.

The average liabilities are calculated with regard to all transactions taking place during the period in which there were unsegregated assets.

I certify that **86.26%** of investment income earned by the fund during the year ended 30 June 2019 and relating to unsegregated assets, is exempt from tax. The specific exempt percentages for each member are:

| | Robert Keith Edgeloe | Marina Christine Haynes | Kris Suk Edgeloe | Reserves | Total |
|--------------|----------------------|-------------------------|------------------|----------|--------|
| Tax exempt % | 86.26% | 0% | 0% | 0.00% | 86.26% |
| Taxable % | 0% | 13.74% | 0% | 0.00% | 13.74% |

Adequacy

By definition, the value of assets and liabilities of account based income streams must be equal. Therefore I am satisfied that the value of assets at 30 June 2019 is sufficient to meet the fund's liabilities as they fall due.

Yours sincerely,

Greg Einfeld MEc, MBA
Fellow of the Institute of Actuaries of Australia

AMMA Statement Guide

For the financial year ended 30 June 2019

Purpose of this Guide

This Guide will assist you with the completion of your 30 June 2019 Australian Tax Return for Individuals. The information in this Guide is only relevant to you if:

- You are an individual Australian tax resident; and
- You hold your units in the Fund as a capital investment (i.e. on capital account, and not revenue account for tax purposes).

This Guide contains general information only and should not be regarded as tax advice or financial product or investment advice. You should consult your professional tax adviser for more information.

This Guide has been prepared based on the prevailing Australian income taxation laws as at 30 June 2019.

Attribution Managed Investment Trust (AMIT) Regime

The trustee of the Fund has made an irrevocable election for the Fund to be treated as an AMIT with effect from 1 July 2017, pursuant to Division 276 of the Income Tax Assessment Act 1997.

Your AMMA Statement provides details of any amounts attributed and/or distributed to you during the financial year ended 30 June 2019, which should be taken into account in your tax calculations for the year ended 30 June 2019.

AMMA Statement – Part A

These amounts should be included at the relevant labels in your 2019 Australian Tax Return for Individuals / 2019 Tax Return for Individuals (Supplementary Section).

AMMA Statement – Part B

The amounts in the Attribution/Amount column are the amounts that have been attributed to you in respect of the different components for the year ended 30 June 2019. The amounts in the Cash Distribution column are the amounts that have been distributed to you in cash in respect of the different components. The attributed amount and the cash amount may be different for the same component.

Australian Income

Interest (subject to non-resident withholding tax)

This amount is interest income that is subject to Australian withholding tax that has been attributed and/or distributed to you.

Other Assessable Australian income

This amount is other assessable income from Australian sources (excluding capital gains) that has been attributed and/or distributed to you. In relation to property syndicates, this amount includes rental income from the underlying properties of the Fund.

Capital Gains

Discount Capital Gains

This amount is discount capital gains attributed and/or distributed to you from the disposal of investments that have been held for at least 12 months by the Fund, and for which the 50% CGT discount is applicable.

These have been separated into the following categories:

- Discount Capital Gain TAP – these are capital gains that arise from underlying taxable Australian property.
- Discount Capital Gain NTAP – these are capital gains that do not arise from underlying taxable Australian property.

Australian resident taxpayers are required to include both categories of discount capital gains in the calculation of their net capital gain for the income year.

Capital Gain Other

This amount is other capital gains attributed and/or distributed to you, for which the 50% CGT discount is not applicable. These have been separated into the following categories:

- Capital Gain Other - TAP – these are capital gains that arise from underlying taxable Australian property.
- Capital Gain Other – NTAP – these are capital gains that do not arise from underlying taxable Australian property.

Australian resident taxpayers are required to include both categories of other capital gains in the calculation of their net capital gain for the income year.

AMMA Statement Guide (continued)

For the financial year ended 30 June 2019

AMIT CGT Gross Up Amount

This amount is the CGT 50% discount applied when calculating the discount capital gains attributed to you.

Other Capital Gains Distribution

This amount is the cash distributed to you in relation to all capital gains, other than amounts already shown in the Cash Distribution column, for the above capital gain components.

Other Non-Assessable Amounts

Other Non-Attributable Amounts

This is the amount of cash distributed to you that is in addition to the amounts distributed for the above components. These amounts are non-assessable components of your distribution, but affect your cost base adjustments (refer below).

AMIT Cost Base Adjustment

AMIT Decreasing Cost Base Adjustment

If the distributions you have received from the Fund for the year exceed the assessable amounts (including grossed up discount capital gains) attributed to you, then the cost base of your units is decreased by the amount of the excess. To the extent that this amount is greater than the cost base of your units, a capital gain may arise in respect of the excess. If you have held your units for at least 12 months, you may be able to reduce this capital gain by the 50% CGT discount.

AMIT Increasing Cost Base Adjustment

If the assessable amounts (including grossed up discount capital gains) attributed to you exceed the distributions you have received from the Fund for the year, then the cost base of your units is increased by the amount of the distribution shortfall.

Other Deductions from Distribution

Foreign Resident Withholding Tax (Subdivision 12-H)

This is the amount of withholding tax levied pursuant to Subdivision 12-H on fund payments made by the Fund to non-resident investors. These fund payments will include other Australian assessable income, and grossed up capital gains arising from taxable Australian property.

Non-Resident Withholding Tax (Subdivision 12-F)

This is the amount of withholding tax levied pursuant to Subdivision 12-F on Australian sourced interest income distributed to non-resident investors.

Non-resident Reporting

Non-Resident Interest Withholding Amount

This amount is Australian sourced interest income that has been distributed to you. This amount is subject to Australian interest withholding tax when paid to a non-resident investor.

Managed Investment Trust Fund Payments

This amount includes other assessable income from Australian sources (excluding interest income) and capital gains from taxable Australian property (before the application of the 50% CGT discount) that has been distributed to you. These fund payments are subject to withholding tax under Subdivision 12-H when paid to a non-resident investor.
