## Bitcoin made easy.

Amber is the easiest way to invest in Bitcoin. Make instant purchases or set up a recurring investment from as little as \$5 a month.

The screenshot shows the Amber app download page. At the top, there is a dark navigation bar with logos for 'The Sydney Morning Herald', 'FINANCIAL REVIEW', 'news.com.au', 'YAHOO! FINANCE', 'THE AGE', and 'Navig8Biz'. Below this is a large image of a woman with long blonde hair looking at her smartphone. On the right side of the image, there is a white box with the text 'Download Amber' and 'Start investing from as little as \$5 a month.' Below this text is a form with a dropdown menu showing 'AU' and the text 'Enter your phone', followed by a 'Send link' button. At the bottom of the white box, it says 'Available on' followed by the 'Download on the App Store' and 'GET IT ON Google Play' logos.
