GUIDE TO YOUR 2022 TAX STATEMENT

This guide has been prepared to assist in the preparation of your Australian Income Tax Return for the year ended 30 June 2022 (the “2022 year”). All Label references are to Individual Tax Return form labels.

A: Notes to the Tax Statement

1. Australian assessable income

This component comprises interest and other assessable income that must be included in your tax return at Label 13U (non-primary production income).

2. Capital Gains

The net capital gain amount arises from the sale of Taxable Australian Property (TAP). A 50% CGT discount (CGT concession amount) has been applied to the net capital gain. This amount should be included in your tax return at Label 18A (Net capital gain).

The Total current year capital gains amount shown in the disclosure item box is the full capital gain before applying the CGT concession amount. This should be included in your tax return at Label 18H (Total current year capital gains).

3. Non-assessable amount

This component of the distribution is not assessable to you as income and is not required to be included in your tax return.

4. AMIT cost base net decrease amount

You are required to decrease the Capital Gains Tax (“CGT”) cost base of your units in the Trust for distributions paid to you to the extent they exceed the amount of taxable income attributed to you. The amount by which the CGT cost base of your units should decrease is shown at this item on your Tax Statement. This item is not disclosed on your tax return form and is only required for calculating the capital gain or loss relating to your units in the Trust.

The CGT concession amount does not result in a CGT cost base reduction for your units.

You can only use the Tax Extract and the Individual Tax Return Label information contained in the Tax Statement to complete your tax return if all of the assumptions below apply to you:

- You are an individual investor in The GPT Group and an Australian tax resident under Australian tax law;
- You are NOT a company, trust or superannuation fund or a non-resident person under Australian tax law;
- You hold your GPT Securities on capital account and do not carry-on business or trading activity.

If any of these assumptions do not apply to your individual tax circumstances, you should refer to the 2022 Tax Return for Individuals, 2022 Tax Return for Individuals (Supplementary Section) and their accompanying instructions issued by the ATO or seek independent taxation advice from a taxation adviser if you are unsure how to complete your income tax return.

C: Other information

The GPT Group's year end for taxation purposes is 31 December 2021. Therefore the distributions paid to you during the year ended 30 June 2022 comprise two half yearly distributions for the six month periods ended 30 June 2021 and 31 December 2021.

Reinvested distributions

The assessable amount shown on your Tax Statement should be included in your 2022 tax return regardless of whether you elected to reinvest your distributions or have them paid to you in cash.

Disposal of your GPT Securities

If you sell your GPT Securities, you can refer to the ATO Publication, 'Personal Investors Guide to Capital Gains Tax' for further information regarding the tax treatment of your GPT Securities.

Cost Base of Shares and Units

If you received an In-Specie Dividend in 2009, the cost base of your shares in the Company held at that time may have been impacted by the In-Specie Dividend. You should refer to the Information Sheet "In Specie Dividend Capital Gains Tax Cost Base Implications" which is available from The GPT Group website at www.gpt.com.au in the "Investor Centre/Investor Information/Tax/Frequently Asked Questions/In-Specie Dividend" section.
