## **Part 2    Death benefit arrangements**

In a separate document, I have entered into a Death Benefit Agreement with the trustee.

### **First Notice: The types of death benefit arrangements and the order in which they take effect**

The Fund's Deed allows three types of death benefit payment arrangements. They, and the order in which they take effect, are as follows:

- a ***death benefit agreement*** — which binds the trustee and which does not expire, see Part H of the Deed;
- ***binding death benefit notices or binding nomination forms*** — which bind the trustee but which expire after 3 years or earlier if replaced or revoked; and
- ***non-binding nomination forms*** — which do not bind the trustee but which do not expire until replaced or revoked.

***Death benefit agreements*** take priority over *binding death benefit notices* and *non-binding nomination forms*.

### **What you need to consider**

When you, as a member, are considering signing a binding death benefit notice or a non-binding nomination form it is important to consider that:

- a death benefit agreement takes priority over any binding death benefit notice or any non-binding nomination form;
- to the extent permitted by superannuation law, the trustee must pay or apply the relevant benefit in accordance with the death benefit agreement. Therefore if you sign a binding death benefit notice or a non-binding nomination form, then they will have no effect on any earlier or later death benefit agreement that you sign; and
- if any part of a death benefit agreement is invalid, then the trustee (as required by the Fund's Deed) will pay or apply the "invalid" part of the death benefit in accordance with any binding death benefit notice, or by reference to any non-binding nomination form, you have signed.

### **Second Notice: Consistency of death benefit arrangements with pension terms**

It is important to consider how any death benefit nomination or death benefit agreement interacts with the arrangements for payment of a pension to a reversionary beneficiary. The terms of the pension, and the terms of the death benefit nomination or death benefit agreement should be considered together.

For instance, if the pension terms require an automatic reversionary pension, then the death benefit nomination or death benefit agreement has no effect in relation to that pension. If the member wants to ensure all these arrangements – under pension terms, a death benefit nomination or death benefit agreement – are consistent, or to deliberately vary from one to the other, then careful drafting is required and the member should seek professional advice.

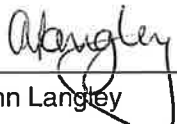

**Part 3**                      **Provision of member's tax file number to regulated superannuation fund**

To the directors of the trustee of the Langley-Wapler Superannuation Fund.

I have been informed of the reasons why my TFN is sought by the fund.

## **Important information about providing your tax file number (TFN) to the fund**

---

**Under the *Superannuation Industry (Supervision) Act 1993*, the fund is required to request your TFN. Your TFN is confidential: you don't have to provide it.**

### **What your TFN may be used for**

**If you provide your TFN, it will be used for legal purposes only. The purposes for which your TFN may be used may change in the future. At present, they include:**

- searching for other benefits that may exist for you in the fund;
- calculating reduced tax rates on eligible termination payments (ETPS) when benefits are paid;
- reporting payments to ATO for reasonable benefit limits (RBL) purposes;
- reporting contributions to ATO for contributions tax (surcharge) purposes which may not otherwise be subject to the surcharge;
- passing to other regulated superannuation fund, ADFs and RSAs if your benefits are rolled over. You may revoke this authority later in writing;
- passing on with other details if you become lost and your benefits are paid to the ATO as unclaimed money.

### **What might happen if you don't provide your TFN**

**If you do not provide your TFN, the following may happen:**

- other benefits existing for you in the fund may be more difficult to locate and amalgamate;
- higher tax rates may apply to ETPs paid to you. (This may be recovered with lodgement of your next income tax return);
- your benefits may be subject to an extra 15% contribution tax (surcharge). This may be reclaimed on application to the ATO;
- your TFN will not be passed to other regulated superannuation funds, ADFs and RSAs if your benefits are rolled over;

**your benefits may be more difficult to locate if benefits are paid to the ATO as unclaimed money.**

## Advice to the Directors of the Trustee

One of the most important duties of a trustee of a superannuation fund is the investment of the fund's assets.

The earnings achieved on the investment of the fund's assets plus the concessional tax rate of 15% that is applied to those earnings helps to maximise the entitlement on retirement.

There are 5 guiding rules that trustees should follow:

### 1. ESTABLISH AND IMPLEMENT AN INVESTMENT STRATEGY

---

The SIS Act requires that all funds **must** have an investment strategy. Once the trustee has agreed to an investment strategy, the fund's investments should be consistent with that strategy.

### 2. INVEST IN ASSETS THAT ARE PERMITTED BY THE TRUST DEED

---

The trust deed may place some restriction on the type and class of asset in which the fund may invest. Ensure that the trust deed gives the trustee power to make an investment that may be proposed.

### 3. AVOID PROHIBITED INVESTMENTS

---

The SIS Act prohibits certain investments. Restrictions are placed upon:

- the acquisition of assets from related entities;
- investing in, giving loans to and entering leases and lease arrangements with related parties (in house assets);
- borrowing; and
- lending to members.

In addition, all investment activities must be on an arm's length basis.

Ensure that all investments do not contravene the requirements of the SIS Act.

### 4. CONSIDER ETHICAL INVESTMENTS

---

In the Product Disclosure Statement, trustees are required to disclose whether labour standards or environmental, social or ethical considerations are, or will be, taken into account when the trustees select, retain or realise an investment. While the Product Disclosure Statement states that, at this stage, the trustees do not take any such considerations into consideration when selecting, retaining or realising an investment, the trustees should consider incorporating such considerations into its investment strategy.

## **5. AVOID INVESTMENTS THAT ARE TOTALLY SPECULATIVE**

---

While any investment may be regarded as speculative, as trustees are expected to act prudently, the acquisition of assets that are totally speculative should be avoided, as they may be so speculative so as not to be regarded as an investment.

The trustees are required to develop an investment strategy and invest in a manner that satisfies these guidelines and which takes account of the particular needs of fund members.
