Dear Mr Coombs

**Part 1 - Your benefit payment letter
as at 18 August 2021**

We are pleased to enclose documentation in relation to the payment of your superannuation benefit from Plum Super.

Your periodic statement for the period 30 June 2020 to 18 August 2021 is provided in two parts comprising: Part 1 Benefit payment letter and Part 2 Benefit payment statement. Both parts should be read carefully and kept together for future reference.

We have enclosed the following in relation to this payment:

- **Benefit payment statement** - this statement covers the period from the date of your last statement, to the effective date of the unit price used to calculate your benefit payment. Also included is a description of our enquiries and complaints procedure.
- **Rollover benefit statement** - this confirms your rollover and details the components of your benefit. You are not required to lodge this statement with the Australian Taxation Office (ATO).

Your insurance

Please refer to the enclosed information that details any insurance cover you may have had at the date you had the benefit transferred. Also included is information about any option(s) that are available to you in order to continue your insurance cover.

Any questions?

If you have any questions, or would like more information, please contact us on **1300 55 7586**, 8am to 7pm AEST (8pm daylight savings time), Monday to Friday or go to **plum.com.au**

Yours sincerely

Sam Wall

Part 2 - Your benefit payment statement as at 18 August 2021

Your Periodic statement for the period 30 June 2020 to 18 August 2021 is provided in two parts comprising: Part 1 Benefit payment letter and Part 2 Benefit payment statement. Both parts should be read carefully and kept together for future reference.

Your insurance cover at 18 August 2021 (date you left the plan)

Death insurance	\$14,145.07
Total and permanent disablement insurance	\$14,145.07
Temporary disablement benefit (salary continuance)	\$79,566.00 per annum

Continuation option(s)

Under the Plan's insurance policy, you do not have the option of continuing your death only or death and total and permanent disablement (TPD) insurance cover under a personal policy with the insurer, subject to any terms imposed by the insurer. If your benefit has been transferred to the Plum Personal Plan, death and TPD is automatically continued, and you may have the option to continue your salary continuance insurance (SCI) cover (subject to meeting certain conditions as outlined in the Plum Personal Plan Product Disclosure Statement).

You may have an option to continue your salary continuance insurance (SCI) cover (where you currently have SCI cover) under a personal policy with the insurer, subject to any terms imposed by the insurer. Please contact us on **1300 55 7586** if you have any questions.

* These amounts are subject to tax.

^ Tax is payable on taxable contributions and any fee rebates, and certain fees and insurance premiums may be deductible, thus reducing the tax payable.

^^ An insurance fee may also have applied to your account. If this fee applied, it's calculated as a percentage of your premium, was collected when insurance premiums were deducted, and is included as part of the insurance premiums amount shown above. If an insurance fee applied to your account, the fee will be shown in the *Cost of insurance* section of the relevant *Insurance Guide*, which is part of the relevant PDS. Contact us to obtain a copy of the relevant *Insurance Guide*.

Your member accumulation account balance is already included in your superannuation benefit on the previous page. The balance is calculated by multiplying the number of units held on your behalf in each of your selected investment options multiplied by each option's unit price as at the statement date. The statement end date will be either the date complete benefit payment instructions were received by us, or when the previously advised timeframe for submitting benefit payment instructions lapsed.

All contributions received and recorded above have been allocated to your account prior to payment. In the unlikely event that any further contributions are submitted after this payment, an additional payment as per your previous instructions will be made.

The expenses listed above represent the total amount charged for the statement period. For more information about the expenses and how frequently they are deducted please refer to the *Product Disclosure Statement*.

Fees and costs summary

Fees deducted directly from your account

\$1,351

This amount has been deducted directly from your account (reflected in the transactions listed on this statement).

Fees and costs deducted from your investment

\$240

This approximate amount has been deducted from your investment and covers amounts that have reduced the return on your investment and that are not reflected as transactions listed on this statement or in the Additional explanation of fees and costs.

TOTAL FEES AND COSTS YOU PAID

\$1,591

This approximate amount includes all the fees and costs that affected your investment during the period.

Additional explanation of fees and costs

The total fees you paid shown above do not include certain transactional and operational costs including:

- 1) Property operating costs such as rates, utilities and staff costs that may be incurred where an investment option has exposure to unlisted property.
- 2) Additional transaction costs that have not been recovered by a buy-sell spread as described in the Fee Brochure.
- 3) Any borrowing (gearing) costs. Some investment options incur borrowing (or gearing) costs, where borrowing is part of the investment strategy of funds that the superannuation fund invests. Borrowing costs include costs in relation to a loan arrangement, including upfront costs to establish the arrangement and ongoing costs such as interest payments. Borrowing (gearing) costs have already been taken into account in the calculation of your closing balance so you won't see a separate deduction for them.

For more information about fees and costs you need to be aware of, please refer to the **PDS, Fee Brochure** (where applicable) and **Investment Menu**, located at plum.com.au/forms-publications

Fee cap for low-balance accounts

If your account balance is less than \$6,000 at the end of the fund's income year or on the date your account closes, certain fees and costs charged to you in relation to administration and investment will be capped at 3% pa of your account balance.

Any amount you pay above this cap must be refunded.

Fees and costs deducted from your investment

This may include performance fee amounts which are based on the most recently available historical estimate of fees and costs. The actual amounts incurred may be different due to the performance of your investments and any changes to your investment strategy.

Superannuation terms

Superannuation benefit	Your Superannuation benefit is the benefit that you are entitled to upon leaving the Plan.
Earnings	Investment earnings (which may be positive or negative) are net of investment costs and taxes. Your member accumulation account earnings is calculated on the difference between unit prices over the period investments were held after also allowing for contributions and expenses. The earnings rates are calculated based on the period investments were held.
Expenses	For details regarding amounts for fees, expenses or charges that have been deducted from your account, please refer to your <i>Product Disclosure Statement</i> or the information you received upon joining. In some instances, amounts for fees, expenses or charges are deducted from a common fund and these deductions are borne indirectly by members and are taken into account when determining unit prices. Further information about the deductions can be obtained by contacting us.
Preserved benefit	<p>This portion of your benefit generally cannot be accessed until the earlier of:</p> <ul style="list-style-type: none"> • reaching age 65; • ceasing employment with your current employer on or after age 60; • permanent retirement from the workforce on or after you reach 60; or • death or total and permanent disablement. <p>There are other circumstances where you may be able to claim early release of your superannuation benefit, such as severe financial hardship or compassionate grounds. For more information refer to your PDS or the information you received upon joining.</p>
Restricted non-preserved	This is the portion of your superannuation benefit that can be paid to you on termination of gainful employment with your current employer. These benefits can also be paid to you if you satisfy any one of the requirements to release a Preserved benefit.
Unrestricted non-preserved	This is the portion of your superannuation benefit that can be paid to you at any time.
Tax on contributions and other income	<p>The Trustee must pay tax on concessional contributions at the standard rate of tax for superannuation funds of 15%. Concessional contributions are those contributions made from before-tax income for which a deduction can be claimed by the contributor. Concessional contributions include:</p> <ul style="list-style-type: none"> • employer contributions; • before-tax voluntary contributions – (known as salary sacrifice); • before-tax compulsory member contributions; • transfers from an untaxed source; and • compensation payments.
Surcharge	Legislation has been enacted to remove the surcharge on superannuation contributions and termination payments made or received on or after 1 July 2005. The surcharge will continue to apply to contributions and payments made or received prior to that date and surcharge assessment notices in respect of a period ending prior to 1 July 2005 may be received by the Fund after that date.
Concessional contributions	Concessional contributions are before-tax contributions including Superannuation Guarantee, Award, Salary sacrifice and voluntary employer contributions and may also include any fees and premiums paid by your employer on your behalf.
Non-concessional contributions	<p>Non-concessional contributions are after-tax contributions and include any member (after tax) and spouse contributions.</p> <p>The value of contributions shown in this statement apply only to this account. You need to consider all contributions made to all funds on your behalf to identify whether you will incur Tax on excess contributions.</p>
Contribution caps	Contribution caps have been put in place by the Government to restrict the amount of contributions that can be made to superannuation without incurring excess contributions tax. These contribution caps apply across all of your superannuation funds. If your super contributions caps are exceeded, the government will charge you extra tax. Remember, these caps include personal and employer contributions, salary sacrificing, and any employer reimbursed fees or premiums. For more information on contribution caps refer to ato.gov.au
Tax on excess contributions	Tax on excess contributions is calculated by the Australian Taxation Office (ATO) on any contributions received above the current contribution caps. Tax on excess concessional contributions is calculated at your marginal tax rate and tax on excess non-concessional contributions is calculated at a rate of 49% (including the Medicare Levy and Temporary Budget Repair Levy).
Division 293 tax	Was introduced by the ATO in 2012/13 to reduce the tax concession on superannuation contributions for individuals with income greater than \$300,000 a year. Division 293 tax will be charged at 15% of an individual's taxable concessional contributions above the \$300,000 threshold. From 1 July 2017, this threshold is reduced to \$250,000. For individuals who are members of a defined benefit fund, Division 293 tax may be calculated on notional contributions.

The Trustee must provide you with any further information that you reasonably require for understanding your benefit entitlements. Further information about your superannuation benefits or statement is available on request.
