The company lodges its Annual Report to shareholders.	26/04/2017
The company provides an update to shareholders. As previously stated, the company withdrew its financial support to its Asian operating subsidiaries. As a result, the company no longer has any active consumer-facing operations and it does not have any control over the timing of the various winding-up processes currently underway. The Board's current focus is on the prudent management of the company's existing assets. The Board continues to actively evaluate various paths forward available to the company. The Board believes, however, that cash equivalents of \$5,246,600 at 31 December 2016 is sufficient to support operations until a decision on the future path of the Company is made.	03/03/2017
