**The Trustee for EA Super Fund
Limited Recourse Borrowing Arrangement (\$367,500)**

Dear Esin,

I have prepared a calculation table and supporting document to enable you to sign these documents and to commence repayment of interest / principal to you from the SMSF, EA Super Fund

Thereafter, please follow the repayment schedule as per attached.

Please note that benchmark interest rates are varied by the Australian Taxation Office and to this end, we will re-calculate the repayments each year. (Refer ATO PCG 2016/5)

You are also reminded that Practical Compliance Guide (PCG) 2016/5 issued by the Australian Taxation Office sets out the following requirements:-

- Loan term must be maximum 15 years and secured by a Registered Mortgage.
- Interest rate for 2020 year (to be varied annually) is 5.94%.
- Loan must be on Principal and Interest basis (PI).
- Loan to Valuation Ratio must be 70% or less.

A monthly repayment, or as a minimum an annual repayment is necessary to meet the ATO's requirements, I have provided for early discharge in the document and if necessary, we could discuss this in more detail when we next meet.

The date of signing should be the commencement of the loan when it was fully drawn and the agreement made, ie 28th February 2020

Yours sincerely,

AMCO Public Accountants
