Notes to the statement

Return on investment

This includes the increase or decrease in the value of your investment (net of entry/exit fees), plus any distributions, during the reporting period. The return on an investment may differ from the performance of a fund because the former takes into consideration any additional transactions and timing differences (e.g. investments, withdrawals etc.) and the effect that they have on an investment return.

Termination value

The termination value of your investment is equal to your closing balance above, or if you have fully withdrawn during the period, the withdrawal amount paid, taking into account any applicable exit fees.

Buy/sell spread

Where you have bought or sold units in a fund, a buy/sell spread may have been applied. The buy/sell spread reflects our estimate of the transaction costs expected to be incurred in buying or selling the Fund's underlying assets. Please note that the buy/sell spread is not a fee paid to us, it is paid to the Fund.
