OZLUK INVESTMENT FUND

Notes to the Financial StatementsFor the year ended 30 June 2022

Note 1: Summary of Significant Accounting Policies

The trustees have prepared the financial statements on the basis that the Superannuation Fund is not a reporting entity because it is not publicly accountable and is not required by law or governing document to prepare financial statements that comply with Australian Accounting Standards. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the Superannuation Industry (Supervision) Act 1993 and associated Regulations, the trust deed of the Fund and the needs of members.

The financial statements have been prepared on a cash basis and are based on historical costs, except for investments which have been measured at market value.

The following significant accounting policies, which are consistent with the policies applied in the previous period unless otherwise stated, have been adopted in the preparation of the financial statements.

The financial statements were authorised for issue by the Trustee(s).

a. Measurement of Investments

The Fund initially recognises:

- (i) an investment when it controls the future economic benefits expected to flow from the asset. For financial assets, the trade date is considered to be the date on which control of the future economic benefits attributable to the asset passes to the Fund; and
- (ii) a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Investments of the Fund have been measured at market value, which refers to the amount that a willing buyer could reasonably be expected to pay to acquire an asset from a willing seller if the following assumptions were made:

- that the buyer and the seller deal with each other at arm's length in relation to the sale;
- that the sale occurred after proper marketing of the asset; and
- that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

Market value has been determined as follows:

- (i) shares and other securities listed on the Australian Securities Exchange by reference to the relevant market quotations at the end of the reporting period;
- (ii) units in managed funds by reference to the unit redemption price at the end of the reporting period;
- (iii) fixed-interest securities by reference to the redemption price at the end of the reporting period;
- (iv) unlisted investments are stated at trustees' assessment based on estimated market value at balance date or where necessary, an external valuer's opinion; and
- (v) investment properties at the trustees' assessment of the market value or where necessary a qualified independent valuer's opinion at the end of reporting period.

Financial liabilities, such as trade creditors and other payables, are measured at the gross value of the outstanding balance at the end of the reporting period. The trustees have determined that the gross values of the Fund's financial liabilities is equivalent to their market values. Any remeasurement changes in the gross values of non-current financial liabilities (including liabilities for members' accrued benefits) are recognised in the operating statement in the periods in which they occur.

b. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and at call, deposits with banks and short-term, highly liquid investments that are readily convertible to cash and subject to an insignificant risk of change in value.

c. Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Revenue is recognised at the fair value of the consideration received or receivable.

Notes to the Financial Statements

For the year ended 30 June 2022

Interest revenue

Interest revenue is recognised in respect of fixed-interest securities, and cash and cash equivalent balances. Interest revenue is recognised upon receipt.

Dividend revenue

Dividend revenue is recognised when the dividend has been paid or, in the case of dividend reinvestment schemes, when the dividend is credited to the benefit of the fund.

Rental revenue

Rental revenue arising from operating leases on investment properties is recognised upon receipt.

Distribution revenue

Distributions from unit trusts and managed funds are recognised as at the date the unit value is quoted ex-distribution and if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable at market value.

Remeasurement changes in market values

Remeasurement changes in the market values of assets are recognised as income and determined as the difference between the market value at year-end or consideration received (if sold during the year) and the market value as at the prior year-end or cost (if acquired during the period).

Contributions

Contributions and transfers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

d. Liability for Accrued Benefits

The liability for accrued benefits represents the Fund's present obligation to pay benefits to members and beneficiaries, and has been calculated as the difference between the carrying amount of the assets and the carrying amount of the other payables and income tax liabilities as at the end of the reporting period.

e. Critical Accounting Estimates and Judgements

The preparation of financial statements requires the trustees to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

Self-managed super fund trustee declaration

I understand that as an individual trustee or director of the corporate trustee of

Fund name

OZLUK INVESTMENT FUND

I am responsible for ensuring that the fund is operated in accordance with the *Superannuation Industry (Supervision) Act 1993* (SISA) and other relevant legislation. The Commissioner of Taxation (the Commissioner) has the authority and responsibility for administering the legislation and enforcing trustees' compliance with the law.

I must keep myself informed of changes to the legislation relevant to the operation of my fund and ensure the trust deed is kept up to date in accordance with the law and the needs of the members.

If I do not comply with the legislation, the Commissioner may take the following actions:

- impose administrative penalties on me
- give me a written direction to rectify any contraventions or undertake a course of education
- enter into agreements with me to rectify any contraventions of the legislation
- disqualify me from being a trustee or director of a corporate trustee of any superannuation fund in the future
- remove the fund's complying status, which may result in significant adverse tax consequences for the fund
- prosecute me under the law, which may result in fines or imprisonment.

Sole purpose

I understand it is my responsibility to ensure the fund is maintained for the purpose of providing benefits to the members upon their retirement (or attainment of a certain age) or their beneficiaries if a member dies. I understand that I should regularly evaluate whether the fund continues to be the appropriate vehicle to meet this purpose.

Trustee duties

I understand that by law I must at all times:

- act honestly in all matters concerning the fund
- exercise skill, care and diligence in managing the fund
- act in the best interests of all the members of the fund
- keep records of decisions made about the running of the fund, including the appointment of professional advisers and the retirement of members and payment of benefits
- ensure that my money and other assets are kept separate from the money and other assets of the fund
- take appropriate action to protect the fund's assets (for example, have sufficient evidence of the ownership of fund assets)
- refrain from entering into any contract or do anything that would prevent me from, or hinder me in, properly performing or exercising my functions or powers as a trustee or director of the corporate trustee of the fund
- allow all members of the fund to have access to information and documents as required, including details about
 - the financial situation of the fund
 - the investments of the fund
 - the members' benefit entitlements.

I also understand that by law I must prepare, implement and regularly review an investment strategy having regard to all the circumstances of the fund, which include, but are not limited to:

- the risks associated with the fund's investments
- the likely return from investments, taking into account the fund's objectives and expected cash flow requirements
- investment diversity and the fund's exposure to risk due to inadequate diversification
- the liquidity of the fund's investments having regard to the fund's expected cash flow requirements in discharging its existing and prospective liabilities (including benefit payments)
- whether the trustees of the fund should hold insurance cover for one or more members of the fund.

Accepting contributions and paying benefits

I understand that I can only accept contributions and pay benefits (income streams or lump sums) to members or their beneficiaries when the conditions specified in the law and the fund trust deed have been met.

Investment restrictions

I understand that, as a trustee or director of the corporate trustee of the fund, subject to certain limited exceptions specified in the law, I am prohibited from:

- giving financial assistance using the resources of the fund to a member of the fund or a member's relative (financial assistance means any assistance that improves the financial position of a person directly or indirectly, including the provision of credit)
- acquiring assets (other than business real property, listed securities, certain in-house assets and acquisitions made under mergers, allowed by special determinations or acquisitions from the trustee or investment manager of another regulated super fund as a result of a breakdown of a relationship) for the fund from members or other related parties of the fund

- borrowing money (or maintaining an existing borrowing) on behalf of the fund except in certain limited circumstances (while limited recourse borrowing arrangements are permitted, they can be complex and particular conditions must be met to ensure that legal requirements are not breached)
- acquiring an in-house asset if the fund's in-house assets exceed 5% of the market value of the fund's total assets, or the in-house assets will exceed 5% of the market value of the fund's total assets by acquiring the asset (in-house assets are loans to, or investments in, related parties of the fund – including trusts – or assets subject to a lease or lease arrangement between the trustee and a member, relative or other related party)
- entering into investments that are not made or maintained on an arm's length (commercial) basis (this ensures the purchase or sale price of the fund's assets and any earnings from those assets reflects their market value).

Administration

I understand that the trustees of the fund must:

- keep and retain for at least 10 years
 - minutes of all trustee meetings at which matters affecting the fund were considered (this includes investment decisions and decisions to appoint members and trustees, the retirement of members and payment of benefits)
 - records of all changes of trustees, including directors of the corporate trustee
 - each trustee's consent to be appointed as a trustee of the fund or a director of the corporate trustee
 - all trustee declarations
 - copies of all reports given to members
 - documented decisions about storage of collectables and personal use assets
- ensure that the following are prepared and retained for at least five years
 - an annual statement of the financial position of the fund
 - an annual operating statement
 - copies of all annual returns lodged
 - accounts and statements that accurately record and explain the transactions and financial position of the fund including asset market valuation
 - copies of Transfer balance account reports lodged
 - copies of any other statements you are required to lodge with us or provide to other super funds
- appoint an approved SMSF auditor each year, no later than 45 days before the due date for lodgment of the fund's annual return and provide documents to the auditor as requested
- lodge the fund's annual return, completed in its entirety, by the due date
- review the independent audit report received from the approved SMSF auditor and take action as required
- notify the ATO within 28 days of any changes to the
 - membership of the fund, or trustees or directors of the corporate trustee
 - name of the fund
 - contact person and their contact details
 - postal address, registered address or address for service of notices for the fund
- notify the ATO in writing within 21 days if the fund becomes an Australian Prudential Regulation Authority (APRA) regulated fund.

DECLARATION

By signing this declaration I acknowledge that I understand my duties and responsibilities as a trustee or director of the corporate trustee of the self-managed superannuation fund named on this declaration (or if the fund's name changes, that name). I understand that:

- I must ensure this document is retained for at least 10 years or while I remain a trustee or director of the corporate trustee (whichever is longer) and, if I fail to do this, penalties may apply.
- Administrative penalties can be imposed on me for not complying with the legislation
- I may have to make this document available for inspection by a member of staff of the ATO and, if I fail to do this, penalties may apply.
- I do not have access to the government's financial assistance program that is available to trustees of APRA regulated funds in the case of financial loss due to fraudulent conduct or theft.

ENGAGEMENT LETTER

To: The Trustees, Ozgur Ozluk and Meltem Ozluk

Scope

You have requested that we audit the financial report of Ozluk Investment Fund, which comprises of the balance sheet as of 30 June 2022, and the income statement for the year then ended a summary of significant accounting policies, other explanatory notes and the trustees' declaration. We are pleased to confirm our acceptance and our understanding of this engagement by means of this letter. Our audit will be conducted with the objective of expressing an opinion on the financial report and compliance with the *Superannuation Industry Supervisory Act 1993*.

We will conduct our audit in accordance with Australian Auditing Standards. Those Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement. An audit involves performing audit procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. An audit also includes evaluating the appropriateness of the financial reporting framework, accounting policies used, and the reasonableness of accounting estimates made by the Trustees, as well as evaluating the overall presentation of the financial report.

Because of the test nature and other inherent limitations of an audit, together with the inherent limitations of any accounting and internal control system, there is an unavoidable risk that even some material misstatements may remain undiscovered. In making our risk assessments, we consider internal control relevant to the entity's preparation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

We take this opportunity to remind you that the responsibility for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Superannuation Industry Supervisory Act 1993* is that of the trustees. Our auditor's report will explain that the trustees are responsible for the preparation and the fair presentation of the financial report in accordance with the applicable financial reporting framework and this responsibility includes:

- designing, implementing and maintaining internal control relevant to the preparation of a financial report that is free from misstatement, whether due to fraud or error.
- selecting and applying appropriate accounting policies; and
- making accounting estimates that are reasonable in the circumstances.

As part of our audit process, we will request from the trustees written confirmation concerning representations made to us in connection with the audit.

Other Matters under the *Corporations Act 2001*

Independence

We confirm that, to the best of our knowledge and belief, we currently meet the independence requirements of the *Corporations Act 2001* in relation to the audit of the financial report. In conducting our audit of the financial report, should we become aware that we have contravened the independence requirements of the *Corporations Act 2001*, we shall notify you on a timely basis.

We look forward to your full cooperation and make available to us whatever records, documentation, and other information we request in connection with our audit.

Please sign and return the attached copy of this letter to indicate that it is in accordance with your understanding of the arrangements for our audit of the financial report.

Yours faithfully,

.....

**OZLUK INVESTMENT FUND
INVESTMENT STRATEGY**

The Investment Strategy of the Fund is to be: -

1. Object of the Fund:

The objective of the Fund is to maximise the retirement benefits available to the members through diversifying investments and managing risk.

2. Authorised Investments and Risk Profile:

The Trustee is authorised to invest in the following classes of investment. The Trustee is required to invest within the acceptable risk profile for each class of investment as detailed below. Prior to making any investment decision the Trustee will confirm the transaction complies with the provisions of the Superannuation Industry (Supervision) Act 1993.

- a) Shares, stocks or units of whatever kind in any company or trustee whether formed or incorporated or trading in Australia or otherwise and regardless of whether the company or trust is a public or private.

Risk Profile:

By their nature all shares, stocks and units (whether publicly listed or private), are subject to considerable price fluctuation and are therefore considered moderate risk investments. The Trustee is given the widest possible discretion in its decision making concerning the class of security. The Trustee is authorised to trade in options (both put and call) in any share or unit.

- b) Government Bonds and/or Bank Investment Bonds

Risk Profile:

This class of investments attracts minimal risk.

- c) Cash on Deposit with any Bank, Bank or Commercial Bills

Risk Profile:

This class of investment attracts minimal risk.

- d) Cash on Deposit with any Insurance Company or Company

Risk Profile:

This class of investment attracts considerable but manageable risk. The Trustee may lend money to any company listed on the Australian Stock Exchange, which carries a credit rating (Standards & Poors) of AA or higher and which is secured by debenture over the company's assets. The Trustee may loan monies to any person or company at its discretion provided the loan is secured by first mortgage real estate security and that the funds loaned do not exceed 70% of the real estate's value.

- e) Real Estate

Risk Profile:

The class of this investment attracts moderate risk. The Trustee may invest in this class of investment whether the real estate is bought to generate an income, capital appreciation, or both.

f) Other Collectable Assets

Risk Profile:

This class of investment is considered high risk. Whilst authorised, the Trustee may only purchase antiques, jewellery or works of art which has been valued by at least two independent experts.

g) Such other investments as the Trustee considered will fulfil the object of the fund

Risk Profile:

No risk profile can be quantified.

3. Diversification of Investments:

The trustee may invest in such class or classes of investment as it may in its discretion decide, generally these should be within the recommended ranges for the members overall risk tolerance levels.

The Trustee believes the following mix of investments is appropriate to meet the objective of this investment strategy:

Category	Range	Return
a) Shares, stocks or units	0-90%	1-9%
b) Government Bonds and/or Bank Investment Bonds		
c) Cash on deposit with any bank, Bank or commercial Bills	0-5%	1-4%
d) Cash on deposit with any Insurance company or company		
e) Real Estate		
f) Other Collectable Assets	0-5%	1-4%
g) Such other investments as the Trustee considered will fulfil the objective of the fund.		

4. Liquidity:

Due consideration will be given, prior to any investment decision, as to the liquidity requirements of the fund to ensure the fund will be able to pay its debts as and when the fall due.

As a member(s) of the Fund is entitled to receive a benefit from the Fund in the next 10-15 years, the required identity of the Fund will need to be such that any pay out as well as any recurrent taxation liability can be met. The trustee is therefore required to maintain an appropriate level of liquidity in order to meet the liabilities of the Fund as and when they fall due, otherwise the Trustee must ensure that the class or classes of assets is comprised of assets that are transferable in specie.

5. Performance

The trustee will review performance on an annual basis, or more frequently as appropriate. Performance is to be measured against the above return ranges for the asset categories applicable.

The preceding investment strategy has been agreed to by the members, and to signify the adoption and confirmation of Ozluk Investment Fund's Strategy, the signatures of the Trustee appear below.
