# Notes to the Financial Statements

For the year ended 30 June 2020

---

### Note 1: Summary of Significant Accounting Policies

The trustees have prepared the financial statements on the basis that the superannuation fund is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the Superannuation Industry (Supervision) Act 1993 and accompanying Regulations, the trust deed of the fund and the needs of members.

The financial statements have been prepared in accordance with the requirements of the following Australian Accounting Standards:

AASB 110: Events After the Balance Sheet Date  
AASB 1031: Materiality

No other Australian Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial statements have also been prepared on an accruals basis and are based on historical costs, except for investments, which have been measured at market values.

The following significant accounting policies, which are consistent with the policies applied in the previous period unless otherwise stated, have been adopted in the preparation of the financial statements.

#### a. Measurement of Investments

Assets of the fund have been measured at net market values after allowing for costs of realisation. Changes in the net market value of assets are brought to account in the operating statement in the periods in which they occur.

Net market values have been determined as follows:

- i. shares in listed companies, government securities and other fixed interest securities by reference to the relevant market quotations at the reporting date;
- ii. mortgage loans by reference to the outstanding principal of the loans;
- iii. units in managed funds by reference to the unit redemption price at the reporting date;
- iv. insurance policies by reference to an actuarial assessment of the amount receivable from the insurer in respect of the policy; and
- v. property, plant and equipment at trustee's assessment of their realisable value.

Financial liabilities, which are all current in nature, are measured at the gross value of the outstanding balance at year-end.

#### b. Liability for Accrued Benefits

The liability for accrued benefits represents the Funds' present obligation to pay benefits to members and beneficiaries and has been calculated as the difference between the carrying amounts of the assets and the carrying amounts of the sundry liabilities and income tax liabilities as at the reporting date.

#### c. Vested Benefits

Vested benefits are benefits which are not conditional upon continued membership of the Fund and include benefits which members are entitled to receive had they terminated their membership of the Fund at the reporting date.

#### d. No Tax File Number (TFN) Contributions Tax

Where a member does not provide their TFN to the Fund, the Fund may be required to pay no-TFN contributions tax at a rate of 31.5% on contributions received from and on behalf of the member. The no-TFN contribution tax applies in addition to the concessional contributions tax rate of 15% applicable to such contributions.

A no-TFN contributions tax liability recognised by the Fund will be charged to the relevant members account. Where a tax offset is obtained by the Fund in relation to the members no-TFN contributions tax liability, the tax offset will be included in the relevant members account.

## Wombat Superfund

# Notes to the Financial Statements

For the year ended 30 June 2020

### e. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and at call, deposits with banks and short-term, highly liquid investments that are readily convertible to cash and are subject to an insignificant risk of changes in value.

### f. Revenue

Revenue is recognised at the fair value of the consideration received or receivable.

### g. Contributions

Member and employer contributions are recognised on a cash basis.

### h. Income Tax

The income tax expense (revenue) for the year comprises current income tax expense (income) only. Deferred Income Tax accounting using the liability method is not recognised in these financial statements.

Current income tax expense charged to the Operating statement is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

### Note 3: Liability for Accrued Benefits

	2020 \$	2019 \$
Liability for accrued benefits at beginning of year	1,198,946.42	1,265,108.51
Benefits accrued as a result of operations	5,842.65	(66,162.09)
Current year member movements	0.00	0.00
Liability for accrued benefits at end of year	<u>1,204,789.07</u>	<u>1,198,946.42</u>

### Note 4: Vested Benefits

Vested benefits are benefits which are not conditional upon continued membership of the fund (or any factor other than resignation from the plan) and include benefits which members were entitled to receive had they terminated their fund membership as at the end of the reporting period.

	2020 \$	2019 \$
Vested Benefits	<u>1,204,789.07</u>	<u>1,198,946.42</u>

### Note 5: Changes in Market Values Unrealised Movements in Market Value
