ALBRECHT FAMILY SUPERANNUATION FUND

Notes to the Financial Statements

As at 30 June 2021

Note 1 - Statement of Significant Accounting Policies

The following significant accounting policies have been adopted in the preparation and presentation of the financial statements. They have been consistently applied in the current and previous periods unless otherwise stated to ensure the financial information satisfies the concept of relevance and reliability.

(a) Statement of Compliance

The trustees have prepared the financial statements on the basis that the superannuation fund is a non-reporting entity because the members are able to command the preparation of tailored reports so as to satisfy specifically all of their information needs and there are no other users dependent on the financial statements. The financial statements are therefore special purpose financial statements that have been prepared in accordance with the legislative requirements of the *Superannuation Industry (Supervision) Act 1993* and *Regulations 1994* and the provisions of the Trust Deed. The trustees have determined that the accounting policies adopted are appropriate to meet their needs.

(b) Basis of Preparation

The financial statements have been prepared on a cash basis using historical costs convention unless stated otherwise. For investments and financial liabilities, they are measured at market values.

The financial statements are presented in Australian dollars, which is the functional currency of the fund.

(c) Use of Accounting Estimates and Judgments

The preparation of financial statements requires the trustees to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgments. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

(d) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks or financial institutions and short-term, highly liquid investments that are readily convertible to cash and are subject to an insignificant risk of change in value.

(e) Foreign Currency

Any foreign currency transactions during the financial year are brought to account using the exchange rate in effect at the date of the transaction. Foreign currency monetary items at reporting date are translated at the exchange rate existing at reporting date. Exchange differences are recognised in the operating statement in the period in which they arise.

(f) Valuation of Assets

Investment

An investment is initially recognised when as a result of past transactions or events, the Fund controls the future economic benefits expected to flow from the asset.

The investment assets are firstly recorded at cost, being the fair value of the consideration given. After initial recognition, they are measured at market value. Gains or losses arising from changes in market value are recognised on the Operating Statement in the periods in which they occur.

Market value as defined in s10 of *S/SA 1993*, in relation to an asset, means the amount that a willing buyer of the asset could reasonably be expected to pay to acquire the asset from a willing seller if the following assumptions were made:

- i. that the buyer and the seller dealt with each other at arm's length in relation to the sale;
- ii. that the sale occurred after proper marketing of the asset;
- iii. that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

As disposal costs are generally immaterial unless otherwise stated, market value approximates fair value.

ALBRECHT FAMILY SUPERANNUATION FUND

Notes to the Financial Statements

As at 30 June 2021

Market values for various types of investment have been determined as follows:

- i. listed securities, government and other fixed interest securities for which there is a readily available market quotation, the valuation is recorded as the last quoted sale price as at the close of business on reporting date. If the listed securities are foreign, they are also converted to Australian dollars using the exchange rate at the close of business on the reporting date;
- ii. unit trusts and managed funds are stated by reference to the unit redemption price quoted by the fund manager at the end of the reporting period;
- iii. unlisted investments are stated at the Trustees' valuation based on estimated market value at balance date; or where necessary, upon external valuers' expert opinions;
- iv. Investment properties are carried at market value and are held for the purpose of generating long-term rental yields and capital appreciation. The Trustees give consideration to the value of the investment property each financial year and revalue when a significant event occurs or when deemed appropriate. Where an external valuation has been obtained, the valuation is based on objective and supportable data and has been carried out by a property valuation service provider or qualified independent valuer as appropriate.

Financial Liabilities

The Fund initially recognises a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Financial liabilities including credit balances of hedging instruments and derivatives are measured at market values as at the reporting date. Any change in market values of the financial liabilities since the beginning of the reporting period shall be included in the profit or loss for the reporting period. As disposal costs are generally immaterial, unless otherwise stated, market value approximates fair value.

Receivables and Payables

Current assets such as accounts receivable, which are expected to be recovered within twelve months after the reporting period, are carried at nominal amounts which approximate the fair values.

Accounts payable are recognised when the Fund becomes obliged to make future payments resulting from the goods and services received, whether or not billed to the Fund and are carried at nominal amounts which are equivalent to fair values.

(g) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Revenue is measured at the fair value of consideration received or receivable. The following recognition criteria relate to the specific items of revenue the Fund receives:

Interest

The interest revenue is recognised by the Fund on a cash receipt basis, unless the Fund chooses the accrual method and the amount can be reliably measured by reference to the principal outstanding and using the effective interest rate of the instrument calculated at the acquisition or origination date.

Dividend Revenue

The entitlement to a dividend is based on the date the shares are quoted ex-dividend; the actual dividend revenue is recognised by the Fund when it is received.

Distribution Revenue

Distributions from unit trusts and managed funds are recognised as at the date the unit value is quoted ex-distributions and if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable at market value.

Rental Income

Rent from investment properties is recognised by the Fund on a cash receipt basis.

Movement in market values

Changes in the market value of investments are determined as the difference between the market value at balance date or consideration received (if sold during the year) and the market value as at the prior year end or cost (if the investment was acquired during the period). All movements are recognised in the Operating Statement.

Contributions and Rollovers In

Contributions and rollovers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

The financial report was authorised for issue on 18 February 2022 by the directors of the trustee company.

ALBRECHT FAMILY SUPERANNUATION FUND

Notes to the Financial Statements

As at 30 June 2021

Note 2 – Liability for Accrued Benefits

The liability for accrued benefits represents the fund's present obligation to pay benefits to members and beneficiaries and has been calculated as the difference between the carrying amount of the assets and the carrying amount of the other payables and income tax liabilities as at the end of the reporting period. Changes in the Liability for Accrued Benefits are as follows:

	Current	Previous
Liability for Accrued Benefits at beginning of period	1,486,270	1,497,920

Any amount in the Unallocated Contributions account represent amounts that have been received by the fund from either the members of the fund or a third party but have not been allocated to any specific member as at the reporting date. It is the intention of the trustee to allocate any such amounts recorded as unallocated contributions within 28 days following the end of the month to specific fund member, which will increase the liability for members accrued benefits.

Note 3 – Vested Benefits

Vested benefits are benefits which are not conditional upon continued membership of the fund (or any factor other than resignation from the plan) and include benefits which members were entitled to receive had they terminated their fund membership as at the reporting period.

Therefore, the financial statements for the fund are to be prepared on the basis of the fund being a "non-reporting entity", and will therefore take the form of Special Purpose Financial Reports.

**REPORTS AND

1. the financial statements are drawn up so as to present fairly the financial position of the fund as at 30 June 2021, the benefits accrued as a result of operations and its cash flow for the year then ended;
2. the financial statements have been prepared in accordance with the requirements of the trust deed and Australian Accounting Standards as noted in Note 1 to the Financial Statements and
3. the fund has operated substantially in accordance with the trust deed and the requirements of the *Superannuation Industry (Supervision) Act 1993 (SISA)*, during the year ended 30 June 2021.

INCOME TAX RETURN:

The completed Self-Managed Superannuation Fund Annual Return for the financial year ended 30 June 2021 was tabled for consideration at the meeting.

It was resolved that:

2. the fund satisfies the statutory requirements and conditions applicable to be classified as a 'Regulated Superannuation Fund/Complying Superannuation Fund' for the year of income and;
3. the income tax return be adopted in its present format and that the Return be signed by the Trustees.

REVIEW OF INVESTMENT STRATEGY:

The fund's investment performance for the year ended 30 June 2021 and existing investment strategy have been reviewed by the Trustees, after considering:

1. the risk involved in making, holding and realising, and the likely return from, the fund's investments having regard to its objectives and its expressed cash flow requirements;
2. the composition of the fund's investments as a whole including the extent to which the investments are diverse or involve the funds being exposed to risks from inadequate diversification;
3. the liquidity of the fund's investments having regard to its expected cash flow requirements;
4. the ability of the fund to discharge its existing and prospective liabilities;
5. whether the fund should hold a contract of insurance that provides insurance cover for members of the fund; and
6. the effect of the fund's investments on the above requirements and all matters relating to the prudential nature of the investment being continuously monitored, regularly reviewed and to make sure they adhere to fund's investment objectives and relevant legislation.

It was resolved that the aims and objectives of the investment strategy were being achieved and that the said investment strategy requires no further modification or adoption at this time.

NOTES FOR PERSONS SIGNING SUPER FUND INCOME TAX RETURNS

These notes should be read carefully by each person signing an income tax return, in light of their knowledge of their own affairs, to ensure there are no inaccuracies in the return.

RESPONSIBILITIES

Whilst we have exercised due care in preparing the returns from information supplied to us, the provisions of the *Income Tax Assessment Act* place the responsibility for the contents of the returns (including the need to obtain the necessary substantiation records) with the taxpayer. Accordingly, would you please check the details disclosed in the returns to satisfy yourselves that the returns are correct.

SELF ASSESSMENT

As you would be aware, self assessment system of income tax returns is now in full force for individuals. That is, the Australian Taxation Office will accept and issue assessments based on the income tax return that is lodged, generally without any query.

This does not mean the Australian Taxation Office accepts the information contained in the return and at a later date it may request further information in relation to the claims you have made in your return.

Self assessment has not only shortened lodgement deadlines but has greatly increased the burden of paperwork to be prepared and retained by tax agents. We are now required to prepare detailed work papers which must be retained on our files for production to the Australian Taxation Office if required at a future date.

TRUE AND FULL DISCLOSURE

Your attention is drawn to the following important considerations to ensure the correctness of each income tax return:

- that income from all sources has been disclosed;
- that all deductions claimed can be justified;
- that all deductions claimed for work, car and travel expenses
- can be substantiated by the required records and receipts;
- that all statements are correct and complete.

CAPITAL GAINS TAX AND OVERSEAS INCOME

Every sale of property, of any description, should be considered for the possible application of both income tax and capital gains tax.

The world-wide income of Australian resident taxpayers is now taxable in Australia with a credit allowed for the income tax paid in a foreign country on that income.

FALSE AND MISLEADING STATEMENTS

If an answer to a question or any statement made in an income tax return, or an attached schedule, appears to be incorrect, incomplete or misleading, please provide the information needed to amend the return.

Penalties may be imposed for an incorrect return up to double the amount of additional income tax subsequently assessed. These penalties may apply even if the error was made innocently. Alternatively, in more serious cases, prosecutions may be instituted under the *Taxation Administration Act 1953* and fines imposed by the Courts, if convicted.

RETENTION OF RECORDS

It is a requirement that you substantiate all deductions claimed in your income tax returns. This includes keeping original documentation to verify the expenditure claimed. This documentation must be retained for 7 years. You should ensure that you retain all the documentation in a safe and secure place in case the Australian Taxation Office wishes to review these documents.

Accounting Misstatement Detected by Audit

There has been no misstatement noted by audit during the course of the current year audit.

Insurance

The superannuation fund has an established procedure whereby an officer reviews at least annually the adequacy of insurance cover on all assets and insurable risks where relevant. This review has been performed and where it is considered appropriate, assets and insurable risks of the superannuation fund are adequately covered by insurance.

- (b) The superannuation fund accepts responsibility for the implementation and operations of accounting and internal control systems that are designed to prevent and detect fraud and error. Dear Trustees

**Albrecht Family Superannuation Fund
Audit Engagement Letter**

Objectives and Scope of the Audit

You have requested that we audit the financial statements of the SMSF for the year ended 30 June 2021. We are pleased to confirm our acceptance and understanding of this engagement by means of this letter.

Our audit will be performed in accordance with Australian Auditing Standards, the *Superannuation Industry (Supervision) Act 1993* (SISA) and the *Superannuation Industry (Supervision) Regulations* (SISR) with the objective of expressing an opinion on the financial report and the fund's compliance with the specified requirements of the SISA and the SISR.

Our Responsibilities

We will conduct our audit in accordance with Australian Auditing Standards. Those Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance as to whether the financial report is free from material misstatement.

An audit involves performing audit procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. An audit also includes evaluating the appropriateness of the financial reporting framework, accounting policies used and the implementation and operation of accounting and internal control systems that are designed to prevent and detect fraud and error, as well as evaluating the overall presentation of the financial report.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, there is an unavoidable risk that some material misstatement may not be detected, even though the audit is properly planned and performed in accordance with Australian Auditing Standards.

In making our risk assessments, we consider internal control relevant to the entity's preparation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. We will, however, communicate to you in writing any significant deficiencies in internal control relevant to the audit of the financial report that we have identified during the audit.

Trustees' Responsibilities

Our audit will be conducted on the basis that the trustee(s) acknowledge and understand that they have responsibilities:

- For the preparation of the financial report that gives a true and fair view in accordance with the Australian Auditing Standards, other mandatory reporting requirements and the SIS Act and SIS Regulations is that of the trustee(s);
- For such internal control as the trustee(s) determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error; and
- To provide us with:

- Access to all information of which the trustees are aware that is relevant to the preparation of the financial report such as records, documentation and other matters;
- Additional information that we may request from the trustees for the purpose of the audit; and
- Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.

As part of our audit process, we will request from trustees written confirmation concerning representations made to us in connection with the audit.

Australian Auditing Standards require that we determine whether the financial reporting framework applied in the preparation of this special purpose of financial report is acceptable. If we determine the financial reporting framework to be unacceptable, we will not be able to undertake the audit engagement unless the framework is amended and then determined to be acceptable.

If a qualified audit report is to be issued following the completion of our audit, we will advise the details to you in a timely manner and prior to the issue of our report.

Audit of SIS Compliance

For the year ended 30 June 2021, we are required to form an opinion in respect of compliance with certain aspects of SIS. Our report must refer to the following sections and regulations:

Sections: 17A, 35AE, 35B, 35C(2), 52, 62, 65, 66, 67, 67A, 67B, 82-85, 103, 104, 104A, 105, 109, 126K

Regulations: 1.06(9A), 4.09, 4.09A, 5.03, 5.08, 6.17, 7.04, 8.02B, 13.12, 13.13, 13.14, 13.18AA, 13.22C

Report on Significant Matters

Under section 129 of the SISA we are required to report to you in writing. If during the course of, or in connection with, our audit, we become aware of any contravention of the Act or Regulations which we believe has occurred, is occurring or may occur.

We are also required to report to the ATO, as regulator, any contravention of the SISA and the SISR, where we believe the contravention may affect the interests of the members of beneficiaries of the fund.

In addition, we are also required under section 130 to report to you if we believe the superannuation fund may be, or may be about to become, in an unsatisfactory financial position. If we are not satisfied with your response as trustee(s) as to the action taken to rectify the situation or we receive no response, we are obliged to report the matter to the ATO.

A failure on the part of the trustee to rectify these breaches to the satisfaction of the ATO may result in significant penalties to the trustee and the fund itself.

In addition to our report on the financial statements, we will also report to you any material weaknesses in the fund's system of accounting and internal control which come to our notice during the course of our audit.

Quality Control

The conduct of our audit in accordance Australian Auditing Standards means that information acquired by us in the course of our audit is subject to strict confidentiality requirements. Information will not be disclosed by us to other parties except as required or allowed for by law or professional standards, or with your expressed consent.

Our audit files may, however, be subject to review as part of the quality control review program of Regulators and or Professional Bodies which monitors compliance with professional standards by its members.

We advise you that by signing this letter you acknowledge that, if requested, our audit files relating to this audit will be made available under this program. Should this occur, we will advise you. The same strict confidentiality requirements apply under this program as apply to us as your auditor.

Please sign and return the attached copy of this letter to indicate that it is in accordance with your understanding of the arrangements for our audit of the financial report.

Dear Member,

**RE: COMMUTATION OF YOUR ACCOUNT-BASED PENSION AND COMMENCEMENT OF AN
ACCOUNT-BASED PENSION IN ALBRECHT FAMILY SUPERANNUATION FUND**

The Trustees have met and have approved the commutation of 100% of your accumulated benefit in the ALBRECHT FAMILY SUPERANNUATION FUND currently being paid to you as an account-based pension.

The Trustee has also approved the payment of 100% of your accumulated benefit as an account-based pension starting on the 1/7/2021.

Your pension is subject to certain minimum standards, as set down in Regulation 1.06(9A)(a) of the Superannuation Industry Supervision Regulations. A copy of these conditions is attached.

As part of these requirements, there is a minimum amount which must be paid to you each financial year. For the present financial year, a minimum amount of **\$TO BE ADVISED** of your account balance must be paid.

The Trustees are obliged to withhold income tax in relation to certain pension payments made before age 60. Your pension may therefore be net of any taxes required to be withheld, from time to time. Where tax has been withheld, you will receive a PAYG Payment Summary at the end of each financial year outlining this amount, for inclusion with your personal income tax return for that year. The trustee is not required to withhold any PAYG tax from benefits paid to a member who is 60 years of age or over for the entire tax year and PAYG Payment Summaries are not required.

The trustees have also approved the pension with a 100% reversionary element, giving an entitlement for SUSAN ENA ALBRECHT to continue to receive this pension in the event of your death.

Please be aware there are certain costs attached to calculating and paying your account-based pension, including professional fees and other costs.

Yours Sincerely,

SUMMARY OF FEATURES OF YOUR ACCOUNT-BASED PENSION

Your Benefit, the subject of the attached letter, is an account-based **pension**. Account-based pensions have the following characteristics:-

- I. the pension payments are no less than the amount calculated in accordance with Regulation 1.06(A)(a) of the SIS Regulations (except that where a pension starts on or after 1 June in a given year, the minimum levels do not have to be met in that year).
- II. payments are made at least annually (but may be more regularly).
- III. Payments to beneficiaries between 55 and 59 years of age are taxed at a concessional rate. Payments to beneficiaries 60 years of age and over are exempt from tax.
- IV. the capital or income of the pension cannot be used as security for borrowings.
- IV. In the event of the pensioner's death, the reversion cannot be transferred to anyone other than the reversionary beneficiary and an adult child cannot be the recipient of a reversionary pension (i.e. death benefits to adult children can only be paid as lump sums).

The **minimum payment** is worked out using the following formula:-

$$\text{Account Balance} \times \text{Percentage Factor}$$

Account Balance means:

the value of the annuity or pension:

- A. on 1 July in the financial year in which the payment is made; or
- B. if that year is the year in which the annuity or pension payments commence - on the commencement day,

being the total amount paid as consideration to purchase the annuity or pension, as increased by returns on investments and as decreased by fees, charges, applicable taxes, payments to the annuitant or pensioner and payments made under a Splitting Order.

Percentage Factor means:

the percentage factor specified in Table 1, below, that applies to the beneficiary because of the beneficiary's age on:

- A. 1 July in the financial year in which the payment is made; or
- B. if that is the year in which the annuity or pension payments commence - the commencement day.

Table 1

Item	Age of Beneficiary	Percentage Factor
1	Under 65	4
2	65 – 74	5
3	75 – 79	6
4	80 – 84	7
5	85 – 89	9
6	90 – 94	11
7	95 or more	14

The minimum payment amount will need to be recalculated on 1 July each year. Therefore the minimum amount payable to the pensioner will change from year to year.

If the primary beneficiary or a reversionary beneficiary dies, the Pension cannot be transferred to a Child of that person (but may be paid as a lump sum), unless the Child:

- A. is less than 18 years of age; or
- B. is greater than 18 years of age, but less than 25 years of age and is financially dependent on the Member; or
- C. has a disability of the kind described in subsection 8(1) of the *Disability Services Act 1986*,

and, except in the case of a Child described in paragraph C above, such a Pension must cease no later than the Child attaining 25 years of age.

PRODUCT DISCLOSURE STATEMENT

MEMBER COMMENCING A PENSION

Name of Superannuation Fund: ALBRECHT FAMILY SUPERANNUATION FUND

Date of Notice: 1/7/2021

Name of Member: Barry Robert Albrecht

Address of Member: 30 CAIN ROAD
LAMBELLS LAGOON NT 0822

This Product Disclosure Statement (PDS) may be required by Part 7.9 of the *Corporations Act 2001*, as amended, to be given to members of superannuation funds changing from growth to pension phase or being issued with an interest in the above superannuation fund (the "Fund") for the first time, when the purpose of membership is to commence to receive a pension. A new interest in this Fund is considered to be granted upon the acceptance of your initial application for membership, as well as upon the making of an election to change from an accumulation or growth phase, to pension phase.

This PDS applies in respect of the Fund, so long as it remains a self-managed superannuation fund (SMSF), pursuant to the *Superannuation Industry (Supervision) Act 1993*, as amended.

Much of the information required to be provided in a PDS for a SMSF will fall into one of the following categories:-

- Information of which you are already aware (e.g. your address and contact details for the above SMSF).
- Information which your duties and responsibilities as a trustee of the above SMSF require that you be aware of, prior becoming a trustee (e.g. the terms of the trust deed and governing rules of the above SMSF).
- Where the Fund is a newly established superannuation fund, information which has not come into existence at the date of this PDS being issued (e.g. fees and charges, investment strategy and returns, etc.)

It is important to note that this information relates to your pension, not to your obligations as a trustee of the Fund. It is up to you to decide whether or not you wish to take on the responsibility of trusteeship of a SMSF, however you cannot be a member of a SMSF without also being a trustee or director of a corporate trustee of the Fund. You should separately familiarize yourself with your trustee duties.

Pursuant to Section 1013D of the *Corporations Act 2001*, as amended, the following information is provided to you:-

Name and Contact Details of the Product Issuer

The above SMSF is the issuer of this PDS. The Fund's contact details are determined by you and (where applicable) your co-trustee(s) (or director(s) of a corporate trustee). They will either be your own address, or an address to which you have previously agreed and been made aware of.

Benefits

The benefits available to you are set out in the above SMSF's trust deed. As a member of a SMSF, with the agreement of your co-trustee(s), you can choose any form or combination of retirement benefits legally available – you have as much flexibility as is possible.

Your primary form of retirement benefit is a "pension", as that term is defined in the *Superannuation Industry (Supervision) Regulations 1994*, however you may choose a lump sum benefit, by request made in writing at the time you wish to take your benefits. Other benefits potentially available to you include: death benefits, total and permanent disablement benefits and total and temporary disablement benefits.

Once you have “Retired” after age 55 years, you will be entitled to commence to take your superannuation benefits. Any decision (except for the option to take a lump sum) may be verbal, but should preferably be in writing. It should be noted that the timing and types of superannuation benefits you may be entitled to take is the subject of regular legislative change. As such, you should check what options are available to you, at the time you are ready to start taking your benefits.

There may be significant taxation and other implications, should you choose to take your retirement benefits in one form or another. The area of benefits design is a complex, but critical area to ensuring the value of your superannuation savings are maximised. As such, we strongly recommend that you seek professional advice, prior to taking any benefits.

It is important to note that this SMSF is not the only fund which is capable of paying you a pension. This PDS also lists other types of superannuation funds which may offer pensions of the type which you have chosen.

Account-based Pensions

You have chosen to receive an account-based Pension. Account-based Pensions have the following essential characteristics:-

- There are minimum pension amounts which you must receive each year, but no maximum pension amount. The pension payments can be made at any frequency you wish, including in a single, annual payment. These amounts are determined by referring to the table at Regulation 1.06(9A)(a) of the *Superannuation Industry (Supervision) Regulations 1994*. The amount is recalculated each year, based on the capital value of your account and your age at the start of the financial year. The amounts are gross of any tax which might need to be withheld from your pension by the Fund.
- You may cancel your Account-based Pension at any time, by writing to the trustee(s) of the Fund. You may choose to return those funds to accumulation mode, take the benefits out as a lump sum, or to start a different pension with those benefits (or a combination of the two). Cancelling an account-based Pension may have adverse tax consequences and should only be done after seeking professional advice.
- You can make partial capital withdrawals from your Account-based Pension, should you wish, however you cannot add new capital sums to your pension. Should you be entitled to make further contributions to the Fund, with a view to having them paid as a pension, you will need to start a new pension with those moneys. You can have multiple pensions running from the same superannuation fund, however the administrative costs may be somewhat higher. You can stop an existing Account-based Pension, add new contributions to it and immediately restart it with the combined balance. Should you wish to partially withdraw capital from your Account-based Pension, there may be taxation consequences. If you wish to either make further contributions or make a partial withdrawal, you should seek professional advice.
- The taxation consequences to you, personally, in relation to your pension payments are too complex to be thoroughly addressed in a PDS and should be discussed with your professional advisor, prior to commencing these payments. In summary, pension payments to members 60 years of age or older are tax-free, while pension payments to those below 60 years of age may be subject to tax, albeit at a concessional rate. In this regard, amounts considered to be a gradual return of any non-concessional contributions (previously variously referred to as undeducted contributions, post-June 1994 invalidity components, pre-1 July 1983 components, CGT concessional amounts) will be tax-free, however other amounts will be included in your normal assessable income, less a 15% rebate. The following will be taxed, but subject to a rebate: amounts considered to be from contributions for which someone (yourself or your employer) have in the past received a tax deduction; amounts which are considered to be sourced from earnings on your superannuation benefits over the years. Your advisor can discuss the taxation consequences of any pension paid to you, in your particular circumstances.
- Depending upon the Fund’s trust deed and the decision of the trustee(s), any costs incurred by the Fund for establishing and maintaining your pension may be deducted from your member’s account. These costs include (but may not be limited to) administrative, accounting and advice costs regarding establishment and ongoing administrative, accounting and actuarial costs which the Fund would not be required to undertake, if your Account-based Pension was not being paid.
- Should you die while in receipt of your Account-based Pension, your spouse and people meeting the definition of financial dependants (if any) have the option to continue to receive this pension in your place (called a “reversionary” pension option). It should be noted that benefits remaining in the Fund cannot be retained within the fund, if the beneficiary is a person other than a spouse or financial dependant. For example, benefits paid to non-dependant adult children must be paid out as a lump sum. Non-dependant adult children will be subject to tax on some or all of the benefits which they receive.

- Death benefits are paid in the following order: in accordance with a binding death benefit nomination (if any); in accordance with a non-binding direction from the member (subject to the trustee considering the needs of respective beneficiaries); at the discretion of the trustee, after the trustee has considered all potential beneficiaries' needs. It should note that the trustee may elect to distribute proceeds to the member's estate, for distribution in accordance with the member's Will, if the trustee is not bound.

These are the characteristics of Account-based Pensions which are important to you as a member receiving such a pension. There are additional considerations and information which will be important to you in your capacity as a trustee of the Fund, which you will need to be familiar with. You should discuss these issues with your professional advisor.

Nominating Beneficiaries

You may make two different types of nominations in relation to the payment of your benefits upon your death. The first is contained in your Application for Membership of the Fund. This nomination is not binding on the trustee and may be open to challenge by any potential beneficiaries. Nevertheless, the trustee must give this nomination serious consideration and would require good reasons not to distribute in accordance with these wishes.

The second type of nomination is called a Binding Beneficiary Nomination. This nomination must meet certain forms, including being signed by two independent witnesses and at least once every three years being confirmed, modified or repealed by notice in writing from you to the trustee. The requirements to be followed in relation to Binding Beneficiary Nominations are to be found in the trust deed. You should be aware that the trustee cannot deviate from the terms of a valid, binding nomination, even if the consequences of complying with it would result in higher tax than might be possible via other avenues, or where you have changed your mind about the beneficiaries or the amounts they should receive. As such, it is important that you seek professional advice, prior to submitting a Binding Beneficiary Nomination.

Risks

This SMSF is an accumulation fund. This means that amounts (including contributions, transfers and rollovers and accumulated earnings) are invested as you and your co-trustees (or director(s) of a corporate trustee) see fit.

Depending upon the investment decisions which you as trustee and any of your co-trustees/co-directors make over time, you will either accumulate investment gains (including capital and income gains) or accumulate investment losses. In some years, gains may arise and in other years, losses may arise. This will affect the balance of your member's accumulation account. As a trustee, you have both the responsibility for and control over the manner in which the Fund's investments are made and, as such, you control the risks associated with the Fund's investments.

Amounts Payable and Fund Expenses

As a trustee of the SMSF, you and your co-trustee(s)/co-director(s) control any amounts which might be payable for the issue of your pension from the Fund. Costs and expenses of the Fund may either be shared equitably among members by way of deduction from their accounts or, where the expense relates to identifiable members only, from those members' accounts.

Commissions

As a trustee of the SMSF, you and your co-trustee(s)/co-director(s) control any appointments of financial professionals and investments into products which might include commissions.

Dispute Resolution

The dispute resolutions mechanisms available to members are found in the Fund's trust deed. As a trustee, it is reasonable to presume that you have familiarized yourself with the contents of the trust deed. As such, pursuant to Section 1013F of the *Corporations Act 2001*, as amended, detailed information concerning the dispute resolution mechanisms available under the deed are not included in this PDS.

Taxation Implications

All superannuation funds in the accumulation phase pay 15% tax on their net taxable incomes. Net taxable income includes assessable contributions, plus investment earnings, less deductible expenses. Other rebates and credits, such as franking rebates and imputations credits may reduce the amount of tax which a superannuation fund must pay. Net taxable capital gains of a superannuation fund are taxed at 10%.

Each year, the trustee will make a determination as to how these taxes are to be deducted from an individual member's account. The trustee is required to determine this in an equitable manner, as between the members.

Depending on your personal taxable income in a given year, there may also be a liability for the superannuation contribution surcharge tax in respect of any tax-deductible contributions made by your employer or yourself. Where surcharge is payable, this amount will be directly deducted from your member's account.

The income and capital gains of a superannuation fund which is paying one or more pensions will be exempt from tax, to the extent that the assets of the Fund are considered to be supporting those pensions (and taxable to the extent that those assets are considered to be supporting continuing accumulations and reserves). The amount of tax which you as trustee and your co-trustee(s)/co-director(s) consider to be a reasonable and equitable allocation for each member each year will be deducted from the balance of your member's accumulation account.

The rules regarding personal taxation of superannuation benefits are far too complex to address in this document. It is strongly advised that you seek professional advice regarding the taxation of your personal superannuation benefits and the options available to you.

Cooling-off Period

There is a fourteen (14) day cooling-off period from the date you commence your pension from the above SMSF, during which time you may cancel your pension. Note that the trustee must receive notification of your cancellation prior to the expiry of this period, in order for it to be considered effective. Note also that the cooling off period relates to your pension only and does not give you a right to resign from your duties as a trustee of the Fund (including payment for the establishment of pension).

Insurance

There is no obligation for the trustee of the Fund to take out life or other insurances on your behalf. Obviously, however, as a trustee of the Fund, you are in a position to make such application. As noted above, benefits can be paid out in similar circumstances to normal insurable events (death, total and permanent disablement, total and temporary disablement), however where the Fund has not undertaken insurance on your behalf, any payments will be limited to the value of your member's accumulation account.

Alternative Types of Superannuation Funds

You should be aware that there are a number of alternative forms of superannuation available to you that can pay you a pension, each of which have different characteristics. You should consider your own situation carefully, prior to commencing a pension from one form of superannuation fund, or another and should seriously consider seeking advice from an authorised representative of an Australian financial services licensee.

Public Offer Superannuation Funds

These funds are managed by a trustee on your behalf. You may have a choice of broad "categories" for investment, such as conservative, balanced, growth, etc., where you have no control over the actual investments which are undertaken by the fund (and, depending upon their reporting, you may never know what those assets are). Certain other funds allow members (usually only through a financial planner) to select individual investments from a menu of options. An example might be a list of 50 managed funds and shares in the top 200 ASX listed companies. Typically, you will only receive written reports on your share of the fund's performance annually in your member statement, although you may be able to access interim performance results for the fund (e.g. via a website). Fees will usually be charged on entry and exit from these funds. There will also be contribution fees, administration fees, category switching fees (often only after a certain number of free annual switches) and asset management fees. Some of these fees are normally charged as a percentage of your account balance. Many public offer funds will include a commission payable to the advisor who recommends the fund to you. In most cases, the more investment choices you have, the higher the overall level of fees the fund charges. Typically, you can purchase insurance (life, total and permanent disablement and sometimes total and temporary disablement) Public offer funds may restrict the types of benefits which are payable upon your death or retirement (e.g. they may not pay certain types of pensions, or may require you to transfer to another sub-category within their fund before paying pensions).

Industry Superannuation Funds

These funds are managed by a trustee on your behalf. In the past, these funds have only been open to members of a certain union or industry, however many are now accepting membership from other parties. You may not have a choice of "categories" for investment in these funds, although many now offer similar choices of categories to public offer funds, such as conservative, balanced, growth, etc.. Once again, you have no control over the actual investments which are undertaken by the fund (and, depending upon their reporting, you may never know what those assets are). Typically, you will only receive reports on your share of the fund's performance annually in your member statement, although you may be able to access interim performance results for the fund (e.g. via a website). Where categories are available, there will normally be restrictions on the frequency with which you can change between categories. Fees will usually be charged on entry and exit from these funds. There will also be contribution fees, administration fees, category switching

fees (often only after a certain number of free annual switches) and asset management fees. Some of these fees will normally be charged as a percentage of your account balance. Industry funds do not normally pay commissions to advisors who recommend the fund to you. Typically, a certain level of "group" insurance (life, total and permanent disablement and sometimes total and temporary disablement) will be provided by industry funds without medical requirements. Additional insurance can be acquired with medical examination. Industry funds may restrict the types of benefits which are payable upon your death or retirement (e.g. they may not pay certain types of pensions, or may require you to transfer to another sub-category within their fund before paying pensions).

Small APRA Funds

These funds are similar to SMSF's, except that they have an independent trustee. The independent trustee must be an "approved" trustee. Typically, these are large public trustee corporations. They will charge fees for their services and all decisions as to investments, benefit payments, etc. must be approved by them. They will normally control the fund's cheque book and appoint the accountants and auditors of the fund. They are normally only chosen when a member wishes to have investment flexibility close to that of a SMSF, but for one reason or another, they cannot be a trustee of their own fund (e.g. because they are an undischarged bankrupt and therefore a "disqualified" person, or because the trustees are leaving Australia for more than two years, which can have adverse tax consequences). Because of the expense of the approved trustee services, these funds are only used in a very limited number of cases.

There are two other types of superannuation fund - employer-sponsored superannuation funds and public sector superannuation schemes - which are not discussed here, as they are not a type of fund which a member can typically "choose" to join (your employer will make the choice to contribute to such a fund, without reference to you as an employee).

Other Information

The first duty of a trustee is to familiarize themselves with the terms of and their duties under the trust. Pursuant to Section 17A of the *Superannuation Industry (Supervision) Act 1993*, as amended, all members of SMSF's must be trustees (or directors of the Fund's corporate trustee).

This PDS addresses issues which relate to your proposed pension from the Fund, not issues which arise in relation to your duties and liabilities as a trustee of the Fund. As a trustee, it is your responsibility to separately familiarize yourself with those duties and liabilities and to be actively involved in the operation of the Fund. As this is a legal obligation, it is reasonable to presume that you have done so. As such, pursuant to Section 1013F of the *Corporations Act 2001*, as amended, detailed information concerning other matters pertaining to the operation of the Fund are not included in this PDS.

Other Documents Forming Part of This PDS, For Funds Other Than New Funds

Where the Fund is a pre-existing fund and you are joining as a member, or where you are an existing member and are commencing to take your benefit in the form of a pension, you will find the following documents annexed to this PDS:-

- The Fund's investment strategy; and
- The last financial statements prepared in respect of the Fund.

These documents form part of this PDS for funds other than newly established funds. If you have not yet received a copy of these documents, you should not sign this PDS until you have received them.

I have read and understood this Product Disclosure Statement, prior to commencing my Account-based Pension:-

Dear Member,

RE: COMMUTATION OF YOUR ACCOUNT-BASED PENSION AND COMMENCEMENT OF AN ACCOUNT-BASED PENSION IN ALBRECHT FAMILY SUPERANNUATION FUND

The Trustees have met and have approved the commutation of 100% of your accumulated benefit in the ALBRECHT FAMILY SUPERANNUATION FUND currently being paid to you as an account-based pension.

The Trustee has also approved the payment of 100% of your accumulated benefit as an account-based pension starting on the 1/7/2021.

Your pension is subject to certain minimum standards, as set down in Regulation 1.06(9A)(a) of the Superannuation Industry Supervision Regulations. A copy of these conditions is attached.

As part of these requirements, there is a minimum amount which must be paid to you each financial year. For the present financial year, a minimum amount of **\$TO BE ADVISED** of your account balance must be paid.

The Trustees are obliged to withhold income tax in relation to certain pension payments made before age 60. Your pension may therefore be net of any taxes required to be withheld, from time to time. Where tax has been withheld, you will receive a PAYG Payment Summary at the end of each financial year outlining this amount, for inclusion with your personal income tax return for that year. The trustee is not required to withhold any PAYG tax from benefits paid to a member who is 60 years of age or over for the entire tax year and PAYG Payment Summaries are not required.

The trustees have also approved the pension with a 100% reversionary element, giving an entitlement for BARRY ROBERT ALBRECHT to continue to receive this pension in the event of your death.

Please be aware there are certain costs attached to calculating and paying your account-based pension, including professional fees and other costs.

Yours Sincerely,

SUMMARY OF FEATURES OF YOUR ACCOUNT-BASED PENSION

Your Benefit, the subject of the attached letter, is an account-based **pension**. Account-based pensions have the following characteristics:-

- I. the pension payments are no less than the amount calculated in accordance with Regulation 1.06(A)(a) of the SIS Regulations (except that where a pension starts on or after 1 June in a given year, the minimum levels do not have to be met in that year).
- II. payments are made at least annually (but may be more regularly).
- III. Payments to beneficiaries between 55 and 59 years of age are taxed at a concessional rate. Payments to beneficiaries 60 years of age and over are exempt from tax.
- IV. the capital or income of the pension cannot be used as security for borrowings.
- IV. In the event of the pensioner's death, the reversion cannot be transferred to anyone other than the reversionary beneficiary and an adult child cannot be the recipient of a reversionary pension (i.e. death benefits to adult children can only be paid as lump sums).

The **minimum payment** is worked out using the following formula:-

$$\text{Account Balance} \times \text{Percentage Factor}$$

Account Balance means:

the value of the annuity or pension:

- A. on 1 July in the financial year in which the payment is made; or
- B. if that year is the year in which the annuity or pension payments commence - on the commencement day,

being the total amount paid as consideration to purchase the annuity or pension, as increased by returns on investments and as decreased by fees, charges, applicable taxes, payments to the annuitant or pensioner and payments made under a Splitting Order.

Percentage Factor means:

the percentage factor specified in Table 1, below, that applies to the beneficiary because of the beneficiary's age on:

- A. 1 July in the financial year in which the payment is made; or
- B. if that is the year in which the annuity or pension payments commence - the commencement day.

The minimum payment amount will need to be recalculated on 1 July each year. Therefore the minimum amount payable to the pensioner will change from year to year.

If the primary beneficiary or a reversionary beneficiary dies, the Pension cannot be transferred to a Child of that person (but may be paid as a lump sum), unless the Child:

- A. is less than 18 years of age; or
- B. is greater than 18 years of age, but less than 25 years of age and is financially dependent on the Member; or
- C. has a disability of the kind described in subsection 8(1) of the *Disability Services Act 1986*,

and, except in the case of a Child described in paragraph C above, such a Pension must cease no later than the Child attaining 25 years of age.

PRODUCT DISCLOSURE STATEMENT

MEMBER COMMENCING A PENSION

Name of Superannuation Fund: ALBRECHT FAMILY SUPERANNUATION FUND

Date of Notice: 1/7/2021

Name of Member: Susan Ena Albrecht

Address of Member: 30 CAIN ROAD
LAMBELLS LAGOON NT 0822

This Product Disclosure Statement (PDS) may be required by Part 7.9 of the *Corporations Act 2001*, as amended, to be given to members of superannuation funds changing from growth to pension phase or being issued with an interest in the above superannuation fund (the "Fund") for the first time, when the purpose of membership is to commence to receive a pension. A new interest in this Fund is considered to be granted upon the acceptance of your initial application for membership, as well as upon the making of an election to change from an accumulation or growth phase, to pension phase.

This PDS applies in respect of the Fund, so long as it remains a self-managed superannuation fund (SMSF), pursuant to the *Superannuation Industry (Supervision) Act 1993*, as amended.

Much of the information required to be provided in a PDS for a SMSF will fall into one of the following categories:-

- Information of which you are already aware (e.g. your address and contact details for the above SMSF).
- Information which your duties and responsibilities as a trustee of the above SMSF require that you be aware of, prior becoming a trustee (e.g. the terms of the trust deed and governing rules of the above SMSF).
- Where the Fund is a newly established superannuation fund, information which has not come into existence at the date of this PDS being issued (e.g. fees and charges, investment strategy and returns, etc.)

It is important to note that this information relates to your pension, not to your obligations as a trustee of the Fund. It is up to you to decide whether or not you wish to take on the responsibility of trusteeship of a SMSF, however you cannot be a member of a SMSF without also being a trustee or director of a corporate trustee of the Fund. You should separately familiarize yourself with your trustee duties.

Pursuant to Section 1013D of the *Corporations Act 2001*, as amended, the following information is provided to you:-

Name and Contact Details of the Product Issuer

The above SMSF is the issuer of this PDS. The Fund's contact details are determined by you and (where applicable) your co-trustee(s) (or director(s) of a corporate trustee). They will either be your own address, or an address to which you have previously agreed and been made aware of.

Benefits

The benefits available to you are set out in the above SMSF's trust deed. As a member of a SMSF, with the agreement of your co-trustee(s), you can choose any form or combination of retirement benefits legally available – you have as much flexibility as is possible.

Your primary form of retirement benefit is a "pension", as that term is defined in the *Superannuation Industry (Supervision) Regulations 1994*, however you may choose a lump sum benefit, by request made in writing at the time you wish to take your benefits. Other benefits potentially available to you include: death benefits, total and permanent disablement benefits and total and temporary disablement benefits.

Once you have “Retired” after age 55 years, you will be entitled to commence to take your superannuation benefits. Any decision (except for the option to take a lump sum) may be verbal, but should preferably be in writing. It should be noted that the timing and types of superannuation benefits you may be entitled to take is the subject of regular legislative change. As such, you should check what options are available to you, at the time you are ready to start taking your benefits.

There may be significant taxation and other implications, should you choose to take your retirement benefits in one form or another. The area of benefits design is a complex, but critical area to ensuring the value of your superannuation savings are maximised. As such, we strongly recommend that you seek professional advice, prior to taking any benefits.

It is important to note that this SMSF is not the only fund which is capable of paying you a pension. This PDS also lists other types of superannuation funds which may offer pensions of the type which you have chosen.

Account-based Pensions

You have chosen to receive an account-based Pension. Account-based Pensions have the following essential characteristics:-

- There are minimum pension amounts which you must receive each year, but no maximum pension amount. The pension payments can be made at any frequency you wish, including in a single, annual payment. These amounts are determined by referring to the table at Regulation 1.06(9A)(a) of the *Superannuation Industry (Supervision) Regulations 1994*. The amount is recalculated each year, based on the capital value of your account and your age at the start of the financial year. The amounts are gross of any tax which might need to be withheld from your pension by the Fund.
- You may cancel your Account-based Pension at any time, by writing to the trustee(s) of the Fund. You may choose to return those funds to accumulation mode, take the benefits out as a lump sum, or to start a different pension with those benefits (or a combination of the two). Cancelling an account-based Pension may have adverse tax consequences and should only be done after seeking professional advice.
- You can make partial capital withdrawals from your Account-based Pension, should you wish, however you cannot add new capital sums to your pension. Should you be entitled to make further contributions to the Fund, with a view to having them paid as a pension, you will need to start a new pension with those moneys. You can have multiple pensions running from the same superannuation fund, however the administrative costs may be somewhat higher. You can stop an existing Account-based Pension, add new contributions to it and immediately restart it with the combined balance. Should you wish to partially withdraw capital from your Account-based Pension, there may be taxation consequences. If you wish to either make further contributions or make a partial withdrawal, you should seek professional advice.
- The taxation consequences to you, personally, in relation to your pension payments are too complex to be thoroughly addressed in a PDS and should be discussed with your professional advisor, prior to commencing these payments. In summary, pension payments to members 60 years of age or older are tax-free, while pension payments to those below 60 years of age may be subject to tax, albeit at a concessional rate. In this regard, amounts considered to be a gradual return of any non-concessional contributions (previously variously referred to as undeducted contributions, post-June 1994 invalidity components, pre-1 July 1983 components, CGT concessional amounts) will be tax-free, however other amounts will be included in your normal assessable income, less a 15% rebate. The following will be taxed, but subject to a rebate: amounts considered to be from contributions for which someone (yourself or your employer) have in the past received a tax deduction; amounts which are considered to be sourced from earnings on your superannuation benefits over the years. Your advisor can discuss the taxation consequences of any pension paid to you, in your particular circumstances.
- Depending upon the Fund’s trust deed and the decision of the trustee(s), any costs incurred by the Fund for establishing and maintaining your pension may be deducted from your member’s account. These costs include (but may not be limited to) administrative, accounting and advice costs regarding establishment and ongoing administrative, accounting and actuarial costs which the Fund would not be required to undertake, if your Account-based Pension was not being paid.
- Should you die while in receipt of your Account-based Pension, your spouse and people meeting the definition of financial dependants (if any) have the option to continue to receive this pension in your place (called a “reversionary” pension option). It should be noted that benefits remaining in the Fund cannot be retained within the fund, if the beneficiary is a person other than a spouse or financial dependant. For example, benefits paid to non-dependant adult children must be paid out as a lump sum. Non-dependant adult children will be subject to tax on some or all of the benefits which they receive.

- Death benefits are paid in the following order: in accordance with a binding death benefit nomination (if any); in accordance with a non-binding direction from the member (subject to the trustee considering the needs of respective beneficiaries); at the discretion of the trustee, after the trustee has considered all potential beneficiaries' needs. It should note that the trustee may elect to distribute proceeds to the member's estate, for distribution in accordance with the member's Will, if the trustee is not bound.

These are the characteristics of Account-based Pensions which are important to you as a member receiving such a pension. There are additional considerations and information which will be important to you in your capacity as a trustee of the Fund, which you will need to be familiar with. You should discuss these issues with your professional advisor.

Nominating Beneficiaries

You may make two different types of nominations in relation to the payment of your benefits upon your death. The first is contained in your Application for Membership of the Fund. This nomination is not binding on the trustee and may be open to challenge by any potential beneficiaries. Nevertheless, the trustee must give this nomination serious consideration and would require good reasons not to distribute in accordance with these wishes.

The second type of nomination is called a Binding Beneficiary Nomination. This nomination must meet certain forms, including being signed by two independent witnesses and at least once every three years being confirmed, modified or repealed by notice in writing from you to the trustee. The requirements to be followed in relation to Binding Beneficiary Nominations are to be found in the trust deed. You should be aware that the trustee cannot deviate from the terms of a valid, binding nomination, even if the consequences of complying with it would result in higher tax than might be possible via other avenues, or where you have changed your mind about the beneficiaries or the amounts they should receive. As such, it is important that you seek professional advice, prior to submitting a Binding Beneficiary Nomination.

Risks

This SMSF is an accumulation fund. This means that amounts (including contributions, transfers and rollovers and accumulated earnings) are invested as you and your co-trustees (or director(s) of a corporate trustee) see fit.

Depending upon the investment decisions which you as trustee and any of your co-trustees/co-directors make over time, you will either accumulate investment gains (including capital and income gains) or accumulate investment losses. In some years, gains may arise and in other years, losses may arise. This will affect the balance of your member's accumulation account. As a trustee, you have both the responsibility for and control over the manner in which the Fund's investments are made and, as such, you control the risks associated with the Fund's investments.

Amounts Payable and Fund Expenses

As a trustee of the SMSF, you and your co-trustee(s)/co-director(s) control any amounts which might be payable for the issue of your pension from the Fund. Costs and expenses of the Fund may either be shared equitably among members by way of deduction from their accounts or, where the expense relates to identifiable members only, from those members' accounts.

Commissions

As a trustee of the SMSF, you and your co-trustee(s)/co-director(s) control any appointments of financial professionals and investments into products which might include commissions.

Dispute Resolution

The dispute resolutions mechanisms available to members are found in the Fund's trust deed. As a trustee, it is reasonable to presume that you have familiarized yourself with the contents of the trust deed. As such, pursuant to Section 1013F of the *Corporations Act 2001*, as amended, detailed information concerning the dispute resolution mechanisms available under the deed are not included in this PDS.

Taxation Implications

All superannuation funds in the accumulation phase pay 15% tax on their net taxable incomes. Net taxable income includes assessable contributions, plus investment earnings, less deductible expenses. Other rebates and credits, such as franking rebates and imputations credits may reduce the amount of tax which a superannuation fund must pay. Net taxable capital gains of a superannuation fund are taxed at 10%.

Each year, the trustee will make a determination as to how these taxes are to be deducted from an individual member's account. The trustee is required to determine this in an equitable manner, as between the members.

Depending on your personal taxable income in a given year, there may also be a liability for the superannuation contribution surcharge tax in respect of any tax-deductible contributions made by your employer or yourself. Where surcharge is payable, this amount will be directly deducted from your member's account.

The income and capital gains of a superannuation fund which is paying one or more pensions will be exempt from tax, to the extent that the assets of the Fund are considered to be supporting those pensions (and taxable to the extent that those assets are considered to be supporting continuing accumulations and reserves). The amount of tax which you as trustee and your co-trustee(s)/co-director(s) consider to be a reasonable and equitable allocation for each member each year will be deducted from the balance of your member's accumulation account.

The rules regarding personal taxation of superannuation benefits are far too complex to address in this document. It is strongly advised that you seek professional advice regarding the taxation of your personal superannuation benefits and the options available to you.

Cooling-off Period

There is a fourteen (14) day cooling-off period from the date you commence your pension from the above SMSF, during which time you may cancel your pension. Note that the trustee must receive notification of your cancellation prior to the expiry of this period, in order for it to be considered effective. Note also that the cooling off period relates to your pension only and does not give you a right to resign from your duties as a trustee of the Fund (including payment for the establishment of pension).

Insurance

There is no obligation for the trustee of the Fund to take out life or other insurances on your behalf. Obviously, however, as a trustee of the Fund, you are in a position to make such application. As noted above, benefits can be paid out in similar circumstances to normal insurable events (death, total and permanent disablement, total and temporary disablement), however where the Fund has not undertaken insurance on your behalf, any payments will be limited to the value of your member's accumulation account.

Alternative Types of Superannuation Funds

You should be aware that there are a number of alternative forms of superannuation available to you that can pay you a pension, each of which have different characteristics. You should consider your own situation carefully, prior to commencing a pension from one form of superannuation fund, or another and should seriously consider seeking advice from an authorised representative of an Australian financial services licensee.

Public Offer Superannuation Funds

These funds are managed by a trustee on your behalf. You may have a choice of broad "categories" for investment, such as conservative, balanced, growth, etc., where you have no control over the actual investments which are undertaken by the fund (and, depending upon their reporting, you may never know what those assets are). Certain other funds allow members (usually only through a financial planner) to select individual investments from a menu of options. An example might be a list of 50 managed funds and shares in the top 200 ASX listed companies. Typically, you will only receive written reports on your share of the fund's performance annually in your member statement, although you may be able to access interim performance results for the fund (e.g. via a website). Fees will usually be charged on entry and exit from these funds. There will also be contribution fees, administration fees, category switching fees (often only after a certain number of free annual switches) and asset management fees. Some of these fees are normally charged as a percentage of your account balance. Many public offer funds will include a commission payable to the advisor who recommends the fund to you. In most cases, the more investment choices you have, the higher the overall level of fees the fund charges. Typically, you can purchase insurance (life, total and permanent disablement and sometimes total and temporary disablement). Public offer funds may restrict the types of benefits which are payable upon your death or retirement (e.g. they may not pay certain types of pensions, or may require you to transfer to another sub-category within their fund before paying pensions).

Industry Superannuation Funds

These funds are managed by a trustee on your behalf. In the past, these funds have only been open to members of a certain union or industry, however many are now accepting membership from other parties. You may not have a choice of "categories" for investment in these funds, although many now offer similar choices of categories to public offer funds, such as conservative, balanced, growth, etc.. Once again, you have no control over the actual investments which are undertaken by the fund (and, depending upon their reporting, you may never know what those assets are). Typically, you will only receive reports on your share of the fund's performance annually in your member statement, although you may be able to access interim performance results for the fund (e.g. via a website). Where categories are available, there will normally be restrictions on the frequency with which you can change between categories. Fees will usually be charged on entry and exit from these funds. There will also be contribution fees, administration fees, category switching

fees (often only after a certain number of free annual switches) and asset management fees. Some of these fees will normally be charged as a percentage of your account balance. Industry funds do not normally pay commissions to advisors who recommend the fund to you. Typically, a certain level of "group" insurance (life, total and permanent disablement and sometimes total and temporary disablement) will be provided by industry funds without medical requirements. Additional insurance can be acquired with medical examination. Industry funds may restrict the types of benefits which are payable upon your death or retirement (e.g. they may not pay certain types of pensions, or may require you to transfer to another sub-category within their fund before paying pensions).

Small APRA Funds

These funds are similar to SMSF's, except that they have an independent trustee. The independent trustee must be an "approved" trustee. Typically, these are large public trustee corporations. They will charge fees for their services and all decisions as to investments, benefit payments, etc. must be approved by them. They will normally control the fund's cheque book and appoint the accountants and auditors of the fund. They are normally only chosen when a member wishes to have investment flexibility close to that of a SMSF, but for one reason or another, they cannot be a trustee of their own fund (e.g. because they are an undischarged bankrupt and therefore a "disqualified" person, or because the trustees are leaving Australia for more than two years, which can have adverse tax consequences). Because of the expense of the approved trustee services, these funds are only used in a very limited number of cases.

There are two other types of superannuation fund - employer-sponsored superannuation funds and public sector superannuation schemes - which are not discussed here, as they are not a type of fund which a member can typically "choose" to join (your employer will make the choice to contribute to such a fund, without reference to you as an employee).

Other Information

The first duty of a trustee is to familiarize themselves with the terms of and their duties under the trust. Pursuant to Section 17A of the *Superannuation Industry (Supervision) Act 1993*, as amended, all members of SMSF's must be trustees (or directors of the Fund's corporate trustee).

This PDS addresses issues which relate to your proposed pension from the Fund, not issues which arise in relation to your duties and liabilities as a trustee of the Fund. As a trustee, it is your responsibility to separately familiarize yourself with those duties and liabilities and to be actively involved in the operation of the Fund. As this is a legal obligation, it is reasonable to presume that you have done so. As such, pursuant to Section 1013F of the *Corporations Act 2001*, as amended, detailed information concerning other matters pertaining to the operation of the Fund are not included in this PDS.

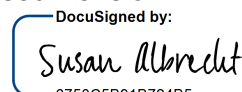

Other Documents Forming Part of This PDS, For Funds Other Than New Funds

Where the Fund is a pre-existing fund and you are joining as a member, or where you are an existing member and are commencing to take your benefit in the form of a pension, you will find the following documents annexed to this PDS:-

- The Fund's investment strategy; and
- The last financial statements prepared in respect of the Fund.

These documents form part of this PDS for funds other than newly established funds. If you have not yet received a copy of these documents, you should not sign this PDS until you have received them.

I have read and understood this Product Disclosure Statement, prior to commencing my Account-based Pension:-

address you with regard to the Audit Engagement, as required each financial year.

- Our engagement cannot be relied upon to disclose irregularities including fraud, other illegal acts and inherent errors that may exist. However, we will inform you of any such matters that may come to our attention during our review of your data.

PREPARATION AND LODGEMENT OF INCOME TAX RETURNS

We will prepare and lodge the Fund's Income Tax Return based on the Financial Statements prepared.

As mentioned earlier, while we will be assisting you in the preparation of Financial Statements and your SMSF Income Tax Return, it is agreed that Virtu Super will not be undertaking any independent audit of the Financial Statements or Income Tax Return prepared.

Our role will be limited to the compilation of the Financial Statements and preparation of the relevant Taxation Return based on the information & records provided by you to us.

The Financial Statements prepared will be audited by an approved Auditor and an Audit Report will be issued under a separate Engagement Agreement each year.

While our engagement does not include the abovementioned audit, we are required by the *Tax Agents Services Act 2009* to satisfy ourselves as to the reasonableness of the information and claims being made in your Income Tax Return. The Legislation provides the basis for this and may require us to make further enquiries with you from time to time in relation to your Taxation Return. Where possible, we will endeavour to identify the information that will be required in advance.

We are entitled to rely on the records provided as being both accurate and complete.

We will have your Income Tax Return lodged on time, as required by the Australian Taxation Office, providing we are in receipt of all information to prepare your Return no later than two months prior to the due date for lodgement. This avoids the delays that generally occur in our Firm just prior to lodgement.

This length of time also ensures that if required, we have sufficient time to arrange the audit of the Fund, which must also be completed before lodging the Tax Return.

We will take all possible steps to have your Return lodged on time, however we offer no guarantee unless we have received the information within the abovementioned timeframe.

We also advise that we are legally prevented from electronically lodging your Income Tax Return until such time as we receive the signed Section K: Declarations and Electronic Lodgement Declaration.

When Returns are left to the last minute, due to time constraints it may not be possible to have them forwarded to you for signature and back in our office by the due date.

YOUR OBLIGATIONS AND RIGHTS

The *Tax Agents Services Act 2009* requires us to advise you of your rights and obligations where we are acting for you on taxation matters. In relation to the taxation services provided:

- You are subject to the self-assessment system in relation to any of your Income Tax Returns. The Commissioner is entitled to rely on any statements made in your Income Tax Returns. Where those statements are later found to be incorrect, the Commissioner may amend your Income Tax Assessments and, in addition to any tax assessed, you may also be liable for penalties and interest charges.
- You have an obligation to keep proper records that will substantiate the Taxation Returns prepared and which will satisfy the substantiation requirements of the *Income Tax Assessment Act*. Failure to keep such records could result in claims being disallowed, additional tax being imposed, and the imposition of penalty or general interest charges.
- You are responsible for the accuracy and completeness of the particulars and information required to comply with the various Taxation Laws. We will use this information supplied in the preparation of your Returns.
- Your rights as a taxpayer include:
 - The right to seek a Private Ruling;
 - The right to object to an assessment by the Commissioner;
 - The right to appeal against an adverse decision by the Commissioner.

Certain time limitations may exist for you to exercise these rights. Should you wish to exercise these rights at any time, you should contact us so that we can provide you with the relevant timeframes and to discuss any additional requirements which may exist.

In the course of our engagement we will prepare various working papers and notes consistent with our internal quality control system. These working papers remain the property of our firm and will be retained by us to support any future queries on work completed. Original source records provided by you to us to assist in the completion of your work will be returned to you at the completion of each engagement. Where appropriate we may take copies to retain on your client file.

CORPORATE AFFAIRS MATTERS

There are various requirements of the Australian Securities & Investments Commission (ASIC) that have to be attended to in relation to Companies that may be related to the Fund's activities, e.g. if you have a Trustee Company. This includes notifying ASIC of various changes to Directors and Shareholders, preparation and lodgement of Annual Company Returns, etc.

We do not act as an ASIC agent, however if you have requested us to attend to the Corporate Affairs matters on your behalf, we will engage Marsh Tincknell to prepare and lodge the appropriate documents in relation to matters that affect your Company as soon as practical after being provided with the information.

These documents will be forwarded to you for signature prior to lodgement. Many of these documents must be lodged within a

Terms of Engagement

short period of time after the change occurs. In this regard, documents not returned to our office by the due date will incur additional lodgement fees and/or additional processing fees. You will be advised of relevant due dates for lodgement.

The Corporate Affairs Division of Marsh Tincknell utilises an electronic recording system to keep track of all Company data. It is not possible to maintain the integrity of this system if documents are lodged by other means. Details of a change are required to be input into our electronic system. In this regard, Marsh Tincknell must be informed of any changes or matters that may affect your Companies.

BUSINESS ACTIVITY STATEMENTS AND INSTALMENT ACTIVITY STATEMENTS

Should we be instructed by you, we will prepare and lodge the appropriate BAS and IAS as and when required on a quarterly or monthly basis as soon as practical after being provided with the information to do so.

At present, the deadline for lodgement of these documents is the 28th day after the end of each quarter (for quarterly lodgers).

If we are not provided with the information by the 14th day of the particular lodgement month, we will not be able to guarantee that we will have the above Statements lodged on time. This is due to the extra-ordinary level of work imposed by the Australian Taxation Office on our Firm during the two weeks prior to lodgement dates.

If the information is provided after the 14th day of the said month, we will endeavour to have the documents lodged by the due date, however we cannot offer guarantees and penalties for late lodgement may be imposed (subject to extensions that may be provided by the Australian Taxation Office from time to time).

LIMITED POWER OF ATTORNEY

The Australian Taxation Office requires your authorisation each time we lodge an Activity Statement on your behalf.

In order to streamline this process each month/quarter (rather than requiring your authority each time), you are able to appoint us as your Attorney to lodge these documents on your behalf.

Please note that this will not entitle our office to lodge any other documents on your behalf with the Australian Taxation Office, such as Income Tax Returns, without you first reviewing and signing. The Limited Power of Attorney only relates to monthly and quarterly Activity Statements.

AUTHORITY TO ACT ON YOUR BEHALF WITH THE ATO

There are a number of functions we are required to carry out on your behalf with the Australian Taxation Office and in particular the following accounts for you and your associated entities.

- Income Tax Account
- Integrated Client Account
- BAS Roles

The Australian Taxation Office have advised that if we hold a signed Authority from clients to act on their behalf, then we can make various changes as they arise, update Communication Preferences and lodge the required documents without the need for your signature each and every time. Once you authorise our firm to act

on your behalf (by signing this Engagement Agreement), we will undertake these functions until otherwise directed by you.

SPECIFIC MATTERS TO BE RESEARCHED

From time to time you may request advice from us which may not be able to be provided immediately, due to the issues and facts to be considered.

With the multitude of Superannuation and Taxation Law which we must consider, some questions you may ask may seem simple, however due to the complexities of the above, it may not be possible to provide you with an immediate answer.

More and more these days we are required to research and thoroughly consider all of your particular facts as they relate to the above Legislation, which not only takes time, but also involves the use of our Professional Team and in some cases external Consultants.

In these circumstances, the time taken by our Team to research and provide you with the appropriate response will be recorded through our Work In Progress System.

We will endeavour to provide you with an immediate and quick answer where appropriate, however to ensure that you receive a professional service and accurate advice a more detailed investigation into the facts may be required.

In addition, many questions may seem basic or similar to previous requests for advice, however every case generally has a different factor to be considered to the previous case and, as a result, may have a different outcome which warrants the additional research.

OTHER AREAS OF LAW

We are not permitted by Law to advise in relation to legal matters (other than Taxation Law) such as Stamp Duty. We can provide general information as to the applicability of Stamp Duty Laws, if required, however we will refer you to your Legal Advisors for this advice.

If requested by you, we will endeavour to advise you of other areas of Law that may affect various transactions you undertake. If we are not able to provide you with advice, we can refer you to a suitably qualified professional, from whom you can seek the appropriate advice.

TELEPHONE & EMAIL ADVICE

Telephone and email communications and advice are recorded in writing on your file for quality assurance and professional indemnity insurance purposes. We encourage you to telephone or email us for advice on matters of concern. However simple, the advice may save you significant time and money.

As set out in the attached Schedules, our fees are based on time, which includes telephone calls and email correspondence. Time spent by our Team in relation to these matters will be recorded on your WIP and may be billed to you at our discretion.

PRINCIPLES OF DETERMINING FEE LEVELS

The attached fee schedule sets out information in relation to how our administration fees are determined. The fees are determined according to the level and structure of investments held by the fund.

Terms of Engagement

Where it is necessary for us to quote a fee for work undertaken in relation to investments or structures which sit outside those listed on our fee schedule, then we will determine this quote on the basis of the time that we estimate it will take us to conduct the work required.

Our base fee for Fund Administration is payable monthly in advance by Direct Debit Authority and in this regard we enclose an Authority to commence making payment of our monthly fees.

The Institute of Chartered Accountants in Australia ("The Institute") recommends that its members conform to prescribed guidelines in determining fee levels. The Institute does not issue a standard scale of professional fees due to the diversity of services offered by Chartered Accountants and the degree of skill attached to those services.

Additionally, the Institute does not intervene between an Accountant and client on the question of professional fees charged. However, the Institute has issued guidelines for establishing fee levels to ensure that, on the one hand you are fairly charged and, on the other, our firm performs for you.

The charge-out rates applied to the time incurred take account of staff salaries, direct costs associated with providing the service, and indirect costs associated with operating our Practice. These rates are reviewed on a periodic basis.

Special services, such as unusual audit and investigation assignments, trustee advisory services, and the need to provide these services at little or no prior notice, requires us to ensure we have the available staff with the necessary qualifications to handle all challenges that we may face. With ever changing superannuation and taxation laws, we are required to undertake significant education and training programs to ensure that we have the ability to provide you with the right advice. On many occasions (due to the ever changing laws), it is a necessity that specialist research will be undertaken on particular matters that pertain to your file. A clear record of all of this time is maintained.

The only commodity we have to sell is our knowledge and ability to perform accounting functions on your behalf. Therefore, to ensure an equitable remuneration to our Firm for the services we provide, an efficient record is maintained of time spent on your file.

We do not necessarily bill you for all the time that is allocated to your file, but the recording system does provide us with a guide as to the amount of time we have utilised in providing you with the highest quality service possible.

ISSUING OF FEES

From time to time, we will issue invoices to you for the work that is carried out.

Any special assignments or work done by quotation will be invoiced upon completion. We reserve the right to progress bill in cases where the assignment continues for an extended period and would do so in \$1,000 instalments.

Upon completion of a financial year's work, we will issue an invoice covering the full year's work, including any supplementary fees payable according to our fee schedule. If applicable, this invoice will include a credit for any amounts paid on the monthly billing arrangement.

CREDIT TERMS

Our credit terms are strictly 14 days from invoice.

However, where we are required to outlay monies on your behalf for services provided by external parties such as Solicitors or Actuaries, we will require a forward payment for this service.

As practice overheads are comprised of cash type items (primarily Wages and Rent), charge rates are based on the assumption of prompt settlement of billings. We are unable to offer extended credit without additional charge or prior arrangement. Our credit terms require payment in full within 14 days of receipt of our billing. No further assignments will be undertaken or advice given where any part of the billing remains overdue.

We issue Statements on a monthly basis for amounts outstanding at the end of the month.

We have appointed an Account Administrator who will liaise with you in relation to outstanding accounts or disputes.

As mentioned earlier, we generally issue bills on a regular basis, as and when work is carried out, or on a monthly or quarterly basis if this is more appropriate. If accounts are not paid on time, it may result in work being ceased on your file, which could jeopardise the preparation of Financial Statements and Tax Returns and lodgement of various documents on a timely basis.

RESPONSIBILITY FOR PAYMENT OF ACCOUNTS

You have engaged us to perform work for yourself and/or entities you are associated with.

This Engagement Agreement sets out the conditions of the engagement between ourselves and yourselves as trustees of the Superannuation Fund. The issuing of fees and the carrying out of the work is undertaken on your behalf.

It is appropriate for accounts to be paid by the Superannuation Fund, rather than other related entities or by yourselves personally, however responsibility for unpaid accounts will be addressed to yourself personally.

If at any time you have a problem with your Account and are unable to resolve the matter with our Account Administrator, please feel free to contact me personally.

REFERRALS

Our firm may refer you to an external service provider in circumstances where we believe them to be a good fit for you. In no way do we do this with the expectation of referrals or work from the provider in return.

There are associated entities that we may enter into a joint venture agreement with, for which we would receive a share of the profit.

Some service providers may refer clients to our firm or pay us a referral fee or commission. If any such fees or commissions are received from said provider, this will be fully disclosed to you.

Please note that it is always your choice when considering if the provider is suitable for your needs.
