**Actuarial Certificate for the purposes of
Section 295-390 of the Income Tax Assessment Act 1997
Year of Income : 2022/ 2023**

Definitions

In this Certificate:

'Act' means the Income Tax Assessment Act 1997

'Trustee' means Solstar Investments Pty Ltd.

Terms such as 'ordinary income', 'statutory income', 'current pension liabilities', 'segregated current pension assets' and 'superannuation liabilities' have the meanings ascribed to these terms in Subdivision 295-F of the Act.

Background

During the 2022/2023 financial year, certain members received superannuation income streams from the fund that entitle the fund to a tax exemption on some or all of its ordinary and statutory income (ie. investment income other than non-arm's length income). These superannuation income streams are referred to as "eligible pensions" in this certificate.

If the fund has any segregated current pension assets, ordinary and statutory income in relation to these assets is eligible for a tax exemption under Section 295-385 of the Act. This income is not subject to this certificate.

The proportion of the fund's ordinary and statutory income earned on the *remaining* fund assets that is exempt from tax is calculated as follows:

$$\frac{\text{average value of current pension liabilities during the period}}{\text{average value of all superannuation liabilities during the period}}$$

to the extent that these are not supported by segregated current pension assets or segregated non-current pension assets. The pension liabilities referred to here are liabilities relating to *eligible pensions* only.

In order to take advantage of this tax exemption, the Trustee must obtain an actuarial certificate which states that the liabilities referred to above plus future contributions and earnings (where applicable) will provide the amount required to meet the unsegregated liabilities of the fund in the future. Given the nature of the pensions provided by this fund this will always be the case.

My certification (below) relies on information provided by the Fund's accountant. The key data and confirmations I have relied upon are set out in the attached Appendix. Should any of this information prove to be incorrect, this certificate will immediately cease to be valid.

Heffron Consulting Pty Ltd ABN 88 084 734 261 AFSL 241 739

Certification

During the 2022/2023 year of income:

Average value of unsegregated current pension liabilities	\$681,581
Average value of all unsegregated superannuation liabilities	\$1,553,225
Ratio of ordinary and statutory income (ie. investment income) exempt from tax in 2022/2023 in accordance with Section 295-390	43.88%

If the fund held segregated current pension assets during the year, an additional tax exemption may be applicable to the ordinary and statutory income earned on these assets under Section 295-385 of the Act. This certificate has been prepared on the basis that the trustee has not made a choice under section 295-385(9) of the Act. In other words, during any period during the year when the fund is exclusively supporting retirement phase pension accounts, the Fund's assets will be treated as Segregated Current Pension Assets.

I certify that I am satisfied that the pension accounts supporting the fund's unsegregated current pension liabilities, together with future investment earnings, will discharge in full the fund's current pension liabilities as at 30 June 2023.

Given the nature of the fund's pension liabilities, it was not necessary to make any assumptions about future experience in order to make the statements in this certificate.

I believe the calculations in this Certificate are appropriate for the purposes of Section 295-390 of the Act. They have been carried out in accordance with all relevant professional standards issued by the Actuaries Institute.

Margaret Elizabeth Heffron **BEc FIAA**
Actuary

Date: 31 Oct 2023

APPENDIX – INFORMATION ON WHICH THIS CERTIFICATE IS BASED

Information to prepare this certificate has been provided by the fund's accountants on behalf of the Trustee.

The table below shows the various member accounts throughout the year. Accounts relating to pensions which provide the tax exemption discussed in this certificate have been identified as "eligible pensions" below. Any eligible pensions supported by segregated current pension assets or other accounts supported by segregated non-current pension assets have been specifically identified.

Account Name	Account Type	1 July 2022	30 June 2023 **
Richard Kaldor	Accumulation	\$168,532	\$178,059
Richard Kaldor	Ineligible Pension	\$709,419	\$556,085
Sabine Kaldor	Accumulation	\$52,121	\$41,834
Sabine Kaldor	Eligible Pension	\$713,645	\$642,485
Total Account Balances **		\$1,643,717	\$1,418,463

* eligible pensions for which segregated assets are held

** these are estimates only, drawn from draft financial statements. They reflect an allocation of fund earnings but not income tax on these earnings.

The figures above are based on unaudited financial statements and may therefore change. This certificate must be reviewed if the changes would alter the relative values of the fund's eligible pension accounts and its other accounts.

I have been advised by the fund's accountants that:

- the fund is a regulated complying superannuation fund and is not a defined benefit fund. Instead, members' benefits consist entirely of accumulation accounts and/ or pensions where the benefit is determined by the value of the relevant account (ie. transition to retirement income streams, account-based pensions, market linked pensions, allocated pensions);
- there are no unusual terms or guarantees that would cause the liability represented by any individual member account to exceed the value of that account;
- for any accounts identified as relating to eligible pensions above, all requirements in relation to superannuation income streams have been satisfied (including pension payment obligations) for the relevant period or the fund has been or will be granted relief from these requirements. Unless otherwise indicated we have not verified this and have instead relied on the statements provided to us.
- this certificate has been prepared on the basis that the assets of the fund are not Disregarded Small Fund Assets in accordance with section 295-387 of the Act.

This advice from the fund's accountants is critical to the accuracy of the certificate. Should it prove to be incorrect the certificate will cease to be valid.

Payment Description: Centuria 8 Central Avenue Fund No 2 July 2022 Distribution
Fund Name: Centuria 8 Central Avenue Fund No 2
Property Address: 8 Central Avenue, Australian Technology Park South Eveleigh NSW

Number of units held as at period end	Distribution Rate per unit	Gross Distribution ¹	Withholding Tax ²	Net Distribution Credited
25,000.0000	0.6458 cents	\$161.45	Nil	\$161.45

1. Income is taxable in the tax year of entitlement rather than the tax year of receipt. All distributions are in Australian dollars.
2. Withholding tax is deducted if your TFN or ABN has not been recorded or if non-resident withholding tax applies.

*Your distribution has been calculated using a 'unit days' formula. This means that, in respect of any units you may have held for only part of the distribution period, you will receive a pro rata (or part) distribution.

Holding Summary as at Period End Date

Date	Unit Price	Units Held	Value

Hi Nicholas

I forgot 9SP... it hasn't gone well. It was delisted from the ASX in late 2022. See the shareholder letter attached....They raised equity at a price of AU\$0.010 or one Australian cent per share in March 2023, I had a look now and it is now only quoted and traded on the Primary Markets Portal. I just created an account to see where it is at!

They had trades in May 2023 at \$0.0023 and in August 2023 at \$0.0014. See trades above from the Primary Markets Listing site. There appear to have been no trade in between these 2 dates. It appears that if we trade out of this position it might cost more than the value of the shares.

I trust this helps,
Kind regards
richard

Dear Shareholder

We trust this update finds you well. As the Company continues to progress in 2023, we would like to extend our gratitude for your support and emphasize our growing confidence in the future of the company.

Board and Management Changes

We are pleased to announce the appointment of Scott Cruickshank as an independent director on our board. Scott who lives in Arizona is the Chair of ClickBank and brings a wealth of management and governance experience within financial institutions in North America, which will be instrumental in guiding our strategic direction and growth.

New Funding

We have successfully agreed c. NZ\$1.54m in working capital. This comprises: (i) NZ\$770,000 in new equity capital from existing cornerstone shareholders at AU\$0.010 per share which completed on Friday 31 March 2023; and (ii) a one-year senior facility with a 10% coupon, capitalised with 9.7 million 2-year warrants attached at an exercise price of AU\$0.020 per share which is expected to be finally agreed and complete in coming weeks. This funding will support our on-going operations and growth initiatives.

In March 2022 and prior to restructuring, the Company had c. 1.5 billion shares on issue trading on the ASX at a price of between AU\$0.003 to AU\$0.004. As of today, the number of shares on issue has increased to c. 2 billion, and the Company has successfully raised equity capital at a price of AU\$0.010 or one Australian cent per share.

This represents an increase in both the number of shares and their capital raising price. However, as a non-listed company, we would like to remind shareholders that these figures should not be taken as a definitive indication of the company's value or future performance.

Executive Remuneration

In accordance with the Company's long-term objectives and shareholder interests, and following soundings with key cornerstone shareholders ahead of the Company's restructuring in Q4, the Company has issued a total of 56 million options to executive directors under the Company's existing Employee Share Options Scheme ("ESOS") with an exercise price of AU\$0.005 and an expiration date of February 2026. Share options were assessed as a cost effective and fair mechanism that appropriately incentivises and rewards executive directors with the Company's success without any initial cash impact in the form of increased directors' fees.

An additional 24 million options were issued to key executives on the same terms.

Primary Markets start date now confirmed for April 17 2023

In light of the ongoing discussions in relation to funding referred to above, the Board determined that trading on Primary Markets should be delayed until it was in a position to provide shareholders with this update on funding. Key dates are now as follows:

- 9 Spokes shareholders can pre-register for the 9 Spokes Private Trading Hub.
- Trading will open at 9:00 am (AET) on Monday 17 April 2023 and will remain open for 30 days.

News Release Issued: Sep 27, 2022
(5:51pm EDT)

**Great Panther Mining
Receives Delisting Notice
from the Toronto Stock
Exchange**

This news release constitutes a "designated news release" for the purposes of the Company's prospectus supplement dated October 15, 2021, to its short form base shelf prospectus dated September 10, 2021.

VANCOUVER, BC, Sept. 27, 2022 /CNW/ - Great Panther Mining Limited (TSX: GPR) (OTCPK: GPLDK) ("Great Panther" or the "Company"), announces that following a delisting review by the Toronto Stock Exchange ("TSX"), the Company's common shares (the "Shares") will be delisted from the TSX effective close of market on October 27, 2022.

Trading of the Shares on the TSX has been suspended since September 6, 2022, as a result of the Company filing a notice of intention to make a proposal under the *Bankruptcy and Insolvency Act (Canada)* (the "BIA"). This suspension will continue until the delisting takes effect. As previously announced, the Shares were delisted from the NYSE American LLC ("NYSE American") on September 14, 2022.

The Shares are currently quoted on the OTC Pink operated by the OTC Markets Group Inc. (the "OTC Pink"). The Company expects that the OTC Pink will provide significantly less liquidity than the TSX and NYSE American, and can provide no assurances regarding trading volumes, trading prices or that the Shares will continue to be quoted on the OTC Pink. Due to the risks and uncertainties resulting from the BIA proceedings, trading in the Shares during the pendency of the BIA proceedings poses substantial risks.

Shareholders retain their legal rights and equity interest and are advised to contact their brokerage where shares are held regarding retention policies for unlisted shareholdings and potential for shares to trade in over-the-counter markets.

ABOUT GREAT PANTHER

Great Panther Mining is a precious metals producer focused on the operation of the Tucano Gold Mine in Brazil where the Company controls a land package covering nearly 200,000 hectares in the prospective Vila Nova Greenstone belt.

CAUTIONARY STATEMENT ON FORWARD-LOOKING INFORMATION

This news release contains forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995 and forward-looking information within the meaning of Canadian securities laws (together, "forward-looking statements"). Such forward-looking statements include but are not limited to the Company's intention to make a proposal under the BIA, and potential for the Company's shares to trade in over-the-counter markets.

Hi Richard, please see attached.

Unfortunately the circumstances surrounding the valuation are somewhat obfuscated by the fact that we have raised (and just converted) several convertible notes.
I provided in the letter the elements that should allow your tax accountant to derive the necessary considerations.
Please let me know if you have any questions, I'll be happy to be of assistance.

Thanks,
Diego

UNIT PRICE

The fund's unit price has been revalued at \$0.85. This fair value adjustment reflects lower forecast energy prices in the short-term resulting from the Federal Government's intervention in the wholesale gas and thermal coal markets and lower commodity futures.

In light of volatile market conditions, the Trustee has procured an independent valuation, the basis of which the unit pricing is determined.

We note, however, that this is a Trustee's valuation regarding assets for which there is not a liquid market or significant history, that the Fund remains an illiquid investment, and the unit price is not calculated taking into account all the factors that investors may make in a buy/sell decision. Decisions around the use of this valuation, be it for purchase or disposal decisions or revaluation purposes are the responsibility of investors or potential investors.

The Fund's unit price is based on different valuation principles to those applied in the financial statements. A valuation difference exists as the financial statements depreciate the assets over their useful life, while the unit price is based on a discounted cash flow valuation methodology.

The key differences between net assets for unit pricing purposes and net assets as reported in the financial statements have been outlined below:

	Year ended	
	30 June 2023	30 June 2022
	\$000	\$000
Net asset value of outstanding units per Consolidated Statement of Financial Position	53,125	62,199
Adjustment for valuation differences	16,080	15,769
Net asset value of outstanding units for unit pricing purposes	69,205	77,968
Units outstanding	81,163,545	81,163,545
Unit price per unit outstanding	\$0.85	\$0.96
