**ANNUAL TAXATION STATEMENT FOR THE YEAR ENDED 30 JUNE 2019**

This Annual Taxation Statement has been prepared to assist Australian tax residents with the completion of their individual income tax return for the year ended 30 June 2019. All values are in Australian dollars.

**This income is sourced from outside of Australia and is not reported to the ATO. As a result, if you are lodging your tax using MyTax (the ATOs online tax lodgement tool previously known as e-tax) the below values will not automatically appear in your online tax form when the pre-fill option has been selected and will need to be manually added.**

This Annual Tax Statement reflects distributions paid within the tax year beginning 1 July 2018 and ending 30 June 2019.

<sup>1</sup>If your total foreign income tax offsets from all sources for the year is \$1,000 or less then you can claim this amount in full. Otherwise, you will need to refer to the ATO publication "Guide to foreign income tax offset rules 2019" (QC 51238) to work out your entitlement. All foreign income tax offset amounts are automatically converted to AUD at the FX rate used at the time of distribution. For information pertaining to the US withholding tax rate deducted from your income please refer to your dividend advices.

<sup>2</sup>Assessable foreign source income is calculated by taking the sum of each interim Australian dollar dividend paid throughout the 2018/19 financial year.

<sup>3</sup>As an Australian resident taxpayer you may be liable to report Australian income tax on any assessable income derived from overseas investments. If you are entitled to tax deductions in relation to expenses incurred in earning assessable income from overseas investments, disclosure of overseas investment income reduced by these expenses (i.e. net overseas investment income) may be included in Item 20M.

<sup>4</sup>A return of capital is a return of part of the cost which you outlaid in making your original investment in the iShares ETF. Note that assessable foreign source income is treated differently to returns of capital for Australian tax purposes (see Australian tax booklet for International (US-Domiciled) iShares ETFs on our website [www.blackrock.com.au/iShares](http://www.blackrock.com.au/iShares) for more details).
