2. the fund satisfies the statutory requirements and conditions applicable to be classified as a 'Regulated Superannuation Fund/Complying Superannuation Fund' for the year of income and;
3. the income tax return be adopted in its present format and that the Return be signed by the Trustees.

REVIEW OF INVESTMENT STRATEGY:

The fund's investment performance for the year ended 30 June 2020 and existing investment strategy have been reviewed by the Trustees, after considering:

1. the risk involved in making, holding and realising, and the likely return from, the fund's investments having regard to its objectives and its expressed cash flow requirements;
2. the composition of the fund's investments as a whole including the extent to which the investments are diverse or involve the funds being exposed to risks from inadequate diversification;
3. the liquidity of the fund's investments having regard to its expected cash flow requirements;
4. the ability of the fund to discharge its existing and prospective liabilities;
5. whether the fund should hold a contract of insurance that provides insurance cover for members of the fund; and
6. the effect of the fund's investments on the above requirements and all matters relating to the prudential nature of the investment being continuously monitored, regularly reviewed and to make sure they adhere to fund's investment objectives and relevant legislation.

INVESTMENT OBJECTIVES AND STRATEGIES

Investment Objective:

The sole purpose of the fund is to provide benefits to Members upon their retirement, attaining a specified age, death or on health or financial reasons.

The objective of the Fund is to achieve reasonable long term growth with moderate fluctuations in return. The average investment return for the plan should be at least 1.0% per annum above inflation (CPI) when measured over a three year period.

Investment Strategy:

The trustees, have set the following strategy and guidelines for investment of funds belonging to the Fund having regard to the following:

- the risk of the investment;
- the diversity of investments of the Fund as a whole;
- the liquidity of the investment; and
- the ability of the fund to discharge its present and future liabilities.

The overall strategy is to invest in either cash, real property, shares, unit trusts or a combination thereof for the purpose of providing the members of the plan with long term growth. Whilst the trustees are conscious of the need to provide the members of the plan with capital gains over the medium to long term, they are also conscious of the need to diversify and spread the risk associated with investment in growth assets.

In making a decision on the types of investments made by the Fund, the Trustees have consulted with the members in this regard. They have taken into account the members overall risk profile and their concerns about various investment opportunities.

With this in mind, the trustees will, from time to time, seek professional investment advice in order to assist in the process of determining what investments are suitable for the Fund and also taking into account the concerns of the members.

The trustees also acknowledge the need to invest in areas where some assets can be readily converted to cash, thus allowing benefits to be paid when they fall due.

Taking the above into account, the trustees have determined that the following guidelines should be adhered to in placing and reviewing investments by the Fund in the coming 12 month period.

	From		To
Australian Equities	0%	-	95%
Australian Fixed Interest	0%	-	50%
Cash	0%	-	100%
Direct Property	0%	-	0%
International Equities	0%	-	35%
International Fixed Interest	0%	-	0%
Listed Property	0%	-	100%
Mortgages	0%	-	0%
Other	0%	-	0%

This plan's strategy will be reviewed on occasion and updated if any modifications are required.

In addition, the trustees have held discussions with each of the members and considered whether or not it is appropriate for the fund to provide any of the following types of insurance cover for each member:

- Life insurance
- Total & Permanent Disablement (TPD) insurance
- Income Protection Insurance

Each member's individual insurance needs will be considered by the trustees on an annual basis

NOTES FOR PERSONS SIGNING SUPER FUND INCOME TAX RETURNS

These notes should be read carefully by each person signing an income tax return, in light of their knowledge of their own affairs, to ensure there are no inaccuracies in the return.

RESPONSIBILITIES

Whilst we have exercised due care in preparing the returns from information supplied to us, the provisions of the *Income Tax Assessment Act* place the responsibility for the contents of the returns (including the need to obtain the necessary substantiation records) with the taxpayer. Accordingly, would you please check the details disclosed in the returns to satisfy yourselves that the returns are correct.

SELF ASSESSMENT

As you would be aware, self assessment system of income tax returns is now in full force for individuals. That is, the Australian Taxation Office will accept and issue assessments based on the income tax return that is lodged, generally without any query.

This does not mean the Australian Taxation Office accepts the information contained in the return and at a later date it may request further information in relation to the claims you have made in your return.

Self assessment has not only shortened lodgement deadlines but has greatly increased the burden of paperwork to be prepared and retained by tax agents. We are now required to prepare detailed work papers which must be retained on our files for production to the Australian Taxation Office if required at a future date.

TRUE AND FULL DISCLOSURE

Your attention is drawn to the following important considerations to ensure the correctness of each income tax return:

- that income from all sources has been disclosed;
- that all deductions claimed can be justified;
- that all deductions claimed for work, car and travel expenses
- can be substantiated by the required records and receipts;
- that all statements are correct and complete.

CAPITAL GAINS TAX AND OVERSEAS INCOME

Every sale of property, of any description, should be considered for the possible application of both income tax and capital gains tax.

The world-wide income of Australian resident taxpayers is now taxable in Australia with a credit allowed for the income tax paid in a foreign country on that income.

FALSE AND MISLEADING STATEMENTS

If an answer to a question or any statement made in an income tax return, or an attached schedule, appears to be incorrect, incomplete or misleading, please provide the information needed to amend the return.

Penalties may be imposed for an incorrect return up to double the amount of additional income tax subsequently assessed. These penalties may apply even if the error was made innocently. Alternatively, in more serious cases, prosecutions may be instituted under the *Taxation Administration Act 1953* and fines imposed by the Courts, if convicted.

RETENTION OF RECORDS

It is a requirement that you substantiate all deductions claimed in your income tax returns. This includes keeping original documentation to verify the expenditure claimed. This documentation must be retained for 7 years. You should ensure that you retain all the documentation in a safe and secure place in case the Australian Taxation Office wishes to review these documents.
