# The Perth Mint's historical metal prices

1 Kilo gold bar value :  
= 35.274 ounce X \$2,858.40 = \$100,827.20

We use the Australian dollar metal prices in the table below to value our precious metal assets and liabilities in our annual report.

Australian investors may find these suitable for valuing their precious metal holdings for tax or other reporting purposes. Investors in countries with other financial year ends can download the historical data below to find the appropriate prices.
